II.1.4) Short description

The City of Doncaster Council is to establish a Flexible Procurement System (FPS) for the Provision of Children's Specialist Education Services under the light touch regime. The FPS for the Provision of Children's Specialist Education Services is part of the continuum of services that support children, young people, and their families. It provides a structured and organised approach that outlines the principles, guidelines, and strategies for providing specialist education provision to children and young people with unique learning needs or specific challenges such as school avoidance, trauma response behaviour or other emotional or behaviour concerns. This framework serves as a blueprint for designing, implementing, and evaluating educational programs that are tailored to address the diverse requirements of these children and young people, ensuring that they receive effective and targeted support in their learning journey.
