Healthwatch also has a key role in promoting and supporting residents to be actively

involved in the commissioning and provision of local services and in in their scrutiny once services are in place. Healthwatch also performs a vital function in considering the standard of health and care provision and working with partners to achieve improvements, Finally, Healthwatch offers advice and information about access to health and care services to enable residents to make informed choices.

The key focus of the NHS Complaints Advocacy service is to ensure provision to empower and assist people to use the NHS complaints procedure through the use of appropriately qualified advocates.

It is intended that the service will work with partners in health and across the system to ensure a joined up approach to health and care across the borough, with a focus on improving the long term outcomes for service residents.
