II.2.4) Description of the procurement

Following the success of Salisbury's Dynamic Purchasing System for Apprenticeships and Education, this new framework is being opened as the DPS comes to end of life.

This Framework will operate at two levels - Level One, where any suitably qualified and eligible provider can submit details of all the apprenticeships they offer, and employers can then either direct award or, via Salisbury, conduct a further competition against their local needs. Level Two will be a smaller number of providers for a specific standard, appointed via a Further Competition, using a higher selection criteria published with each ITT.

Both levels of listing are open across all our eligible public and third sector organisations. Level Two listed providers can be selected either by employer direct award or a further competition amongst those listed.

Any Provider applying to the Framework must meet all the pass/fail criteria listed on the Response Document, and must only submit responses via Salisbury's Bravo procurement portal.

All Providers must agree to the Framework terms and conditions published on the Bravo portal - amendments to those Terms will not be made for specific providers.

Interested providers must complete the relevant submission on Salisbury's Bravo procurement portal in order to be considered. Please note the final selection of providers to award is a decision for employers and this Framework does not represent a spend commitment by any organisation.

Providers will be able to apply for the initial opening of the Framework, and also for subsequent openings of the Framework to either declare new capability, apply for the first time, or respond to new Apprenticeship Standards as they are added to the listings.

Supplier Eligibility

In order to be approved onto the Framework, providers must :

- Be fully registered on the Register of Approved Training Providers (where offering apprenticeship training provision) and/or the Register of End Point Assessment Organisations (where offering end point assessment). Organisations with a current rating of "Requires Improvement" or "Inadequate" may not apply.
- Where an Ofsted rating has been issued, this must be Grade 1 (Outstanding) or Grade 2 (Good). Where an Ofsted Monitoring Report has been issued, this must be either for Significant Progress or Reasonable Progress.
- Organisations experiencing a reduction in their Ofsted rating / visit to a rating below the above criteria will be suspended from the Framework until their Ofsted rating meets the criteria above.
- Organisations without a current Ofsted rating / visit may still apply but must meet all other quality criteria.
- Providers must, for each Apprenticeship they are wishing to be listed for, provide details of starts / completions / success and attrition on their Framework Response form. Any provider with more than 50% of their starts on an Apprenticeship who fail to complete that Apprenticeship will not be listed for that standard.
- No Providers offering a cost above the ESFA funding band for the apprenticeship will be listed for that Apprenticeship.
- Where a Standard requires Professional Body approval to deliver, the Provider must either (a) have that approval in place at the time of submitting that Standard onto the framework, or (b) be reasonably expecting to gain that approval before the next scheduled opening of the Framework. Where neither of these criteria can be fulfilled, the Provider must wait until

the next opening of the Framework to submit that Standard. Where employers / regions run a Further Competition for that standard, providers may respond with a roadmap to professional body accreditation acceptable to the Employers.

Regional / National Delivery

The Framework Response document asks for delivery locations of any face to face / physical delivery of training. Two criteria apply for selection onto the Framework :

- "National" delivery may only be selected by a Provider where they either have a physical location in all of the seven regions listed, or where they will deliver training within every region (e.g. at employer location) without requiring the learner to travel to a location outside of the region in which they are employed.
- If a provider requires learners to travel to any location, for any part of the Apprenticeship training, then the provider will only be listed as delivering in that location.
- This does not affect the ability of Employers to select those providers, regardless of where the Employer is based, if they are able to support their learners travelling to the Provider's location.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £1,000,000,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

End date
