I.2) Information about joint procurement

The contract involves joint procurement

I.4) Type of the contracting authority

Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

GMCA Framework Agreement for Street Lighting Visual and Structural Inspection and Testing Services

Reference number

DN562119

II.1.2) Main CPV code

- 71630000 - Technical inspection and testing services

II.1.3) Type of contract

Services

II.1.4) Short description

The purpose of this tender is to establish a framework agreement for visual and structural inspection and testing services of street lighting columns and traffic sign poles (or other similar structures) to determine their condition which can be accessed by organisational bodies participatory to the framework. The framework agreement will consist of 9 lots based

on indicative, strength and other test methods that are specified in the Institution of Lighting

Professionals (ILP) Guidance Note 22 'Asset Management Toolkit: Minor Structures'.

The framework agreement consists of the following Lots: Lot 1: Indicative Test Method - Visual Inspection; Lot 2: Indicative Test Method - Loss of Section monitoring; Lot 3: Indicative Test Method - Ultrasonic Testing (Guided Waves); Lot 4 : Other Indicative Test Methods, Lot 5: Strength Test Method - Static Loading; Lot 6: Strength Test Method – Ultrasonic Testing; Lot 7: Strength Test Method – Loss of Section Monitoring; Lot 8: Strength Test Method – Magnetic Particle Inspection; Lot 9 : Other Strength Test Methods.

II.1.6) Information about lots

This contract is divided into lots: Yes

II.1.7) Total value of the procurement (excluding VAT)

Lowest offer: £1 / Highest offer: £1,200,000 taken into consideration

II.2) Description

II.2.1) Title

Lots 1 to 9

Lot No

1 to 9

II.2.2) Additional CPV code(s)

- 50000000 - Repair and maintenance services
- 71000000 - Architectural, construction, engineering and inspection services
- 71300000 - Engineering services
- 71600000 - Technical testing, analysis and consultancy services

II.2.3) Place of performance

NUTS codes

- UKD3 - Greater Manchester
- UKD4 - Lancashire
- UKD6 - Cheshire
- UKD7 - Merseyside

II.2.4) Description of the procurement

The purpose of this tender is to establish a framework agreement for visual and structural inspection and testing services of street lighting columns and traffic sign poles (or other similar structures) to determine their condition which can be accessed by organisational

bodies participatory to the framework. The street lighting equipment will generally be located on trunk roads, main roads, residential streets, footpaths, car parks and other similar

areas. Visual and structural inspection and testing shall be applied to steel, stainless steel,

aluminium and concrete lighting units. The street lighting units will typically be circular, hexagonal or octagonal in cross section and will typically be 4 metres, 5m, 6m, 8m, 10m or

12m in height. Traffic sign units will typically be circular or box in cross section and will typically be 2,2 metres, 3m, 4m or 5m in height. Occasionally, fold-down street lighting columns or traffic sign poles may be included. Street lighting columns and traffic sign poles

will mainly be of the planted root type, however on occasion they will be of a flange plate type.

The framework agreement will consist of 9 lots based on indicative, strength and other test

methods that are specified in the Institution of Lighting Professionals (ILP) Guidance Note

22 'Asset Management Toolkit: Minor Structures'. All of the test methods must meet the recommendations of that guidance note and follow the guidance of the British Standards

Institute's BS5649 and BS EN 40. The services provided must comply with all the standards

and regulations stated in the specification within the Invitation to Tender document. It is the intention to appoint between 3 and 5 providers to each lot, subject to there being sufficient

tenderers who satisfy the criteria laid down within the tender process.

Call-off contracts will be awarded on a direct award basis, with the contracting bodies

assessing which provider's tender offers the Most Economically Advantageous Tender for their testing requirements from the different types of tests/lots. This provider and/or combination of providers will be appointed as the 1st Provider. The 1st Provider will be contacted in the first instance by contracting bodies in respect of any requirements for services. Should the 1st provider not have the capacity and/or capability and/or not be willing to provide the services then the contracting bodies would then contact the 2nd Provider and 3rd Provider in turn, or by means of re-opening competition to all providers capable of meeting the requirement within the framework agreement via a mini-competition process within the applicable lot(s).

The services provided under the framework agreement will be made available to members

and associate members of the Greater Manchester Combined Authority (GMCA) and other

participating authorities and organisational bodies named in the Invitation to Tender documentation. The Invitation to Tender documentation contains further details on those organisations intending to use the framework agreement at its outset, with the estimated number of inspections to be called-off from the framework agreement being shown for indicative purposes only within the Invitation to Tender documentation. None of the named

organisations will however be obliged to procure through the framework agreement.

Economic operators should note that inclusion on the framework agreement is not a guarantee that any call-off contracts will be awarded.

The framework agreement will initially run for a period of 2 years and will allow for 2 further

periods of extension of 12 months each. The maximum duration of the framework agreement

will be 4 years.

II.2.5) Award criteria

Quality criterion - Name: Service Delivery / Weighting: 7.5

Quality criterion - Name: Quality Assurance / Weighting: 7.5

Quality criterion - Name: Business Continuity / Weighting: 5

Quality criterion - Name: Management Information / Weighting: 3

Quality criterion - Name: Health and Safety at Work / Weighting: 3

Quality criterion - Name: Training / Weighting: 2

Quality criterion - Name: Exit Planning / Weighting: 2

Quality criterion - Name: Social Value / Weighting: 10

Price - Weighting: 60

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2021/S 000-019409](#)

Section V. Award of contract

A contract/lot is awarded: Yes

V.2) Award of contract

V.2.1) Date of conclusion of the contract

1 February 2022

V.2.2) Information about tenders

Number of tenders received: 8

Number of tenders received from SMEs: 8

Number of tenders received from tenderers from other EU Member States: 0

Number of tenders received from tenderers from non-EU Member States: 0

Number of tenders received by electronic means: 8

The contract has been awarded to a group of economic operators: Yes
