The proposed contract is a 8 week renewal of an existing contract to continue to support with elective recovery targets and the delivery of patient care. The intention of the Trust is to bring this activity back in house from May 2025.

Due to the short nature of the proposed contract it was decided that it would not be proportionate or represent value for money to undertake a competitive exercise due to the requirement for any new provider to mobilise for in a short space of time for a relatively short contractual period.
