### II.1) Scope of the procurement

#### II.1.1) Title

Waste Container and Associated Services Framework

Reference number

C16719

#### II.1.2) Main CPV code

- 90521500 - Packaging of radioactive waste

#### II.1.3) Type of contract

Services

#### II.1.4) Short description

LLW Repository Ltd trading as Nuclear Waste Services (NWS) is a UK nuclear waste management company that provides services to UK customers to treat and dispose of low level radioactive waste. On behalf of the UK's Nuclear Decommissioning Authority, we manage the national low level waste repository in West Cumbria and oversee a national low level waste programme to ensure that lower activity radioactive waste is managed effectively across the UK.

NWS has a scope of work to procure a 4-year framework agreement, divided into 4 lots, for the provision of waste containers and associated services on behalf of our customers. The proposed Framework may be accessed via NWS and will be for use by organisations that either currently hold, or may in future enter into, a Waste Services Contract with NWS. These organisations include private sector bodies, plus public sector bodies that fall into one or more of the categories stated in the Customer List document in Atamis.
