II.2.4) Description of the procurement

The key principles of an integrated hearing service, within which the Adult Hearing Service operates, is to:

- Improve public health and occupational health focus on hearing loss;
- Reduce prevalence of avoidable permanent hearing loss;
- Encourage early identification, diagnosis and management of hearing loss through improved service user and professional education;
- Provide person-centred care, and respond to information and psychosocial needs, including for the effect on partners (or service user's chosen support) of living with poor hearing;
- Support communication needs by providing timely signposting to lip reading classes and assistive technologies and other rehabilitation services;
- Promote inclusion and participation of people who are deaf or hard of hearing;
- Compliance with clinical guidance and good practice; and
- Improve the service through research and development and the adoption of new evidence based technologies and practices.
