II.2.4) Description of the procurement

CalMac Ferries Limited is seeking to enter a contractual agreement with a suitably

qualified and experienced supplier for the supply and delivery of LNG and temporary Bunkering Solutions (should they be required) at the ports of Troon, Uig and possibly Ardrossan (it is expected the temporary bunkering solution for Troon will be relocatable to Ardrossan upon the ferry service reverting back to Ardrossan while still requiring a temporary LNG bunkering solution). The provision of training and assistance to develop operational practices along with risk assessments and engagement with regulatory authorities will also be a requirement of this contract.

Economic Operators must confirm they already have or can commit to obtain, prior to the commencement the following levels of insurance:

- * Employers liability - statutory minimum 5m GBP, each and every claim.
- * Motor Insurance - 5m GBP
- * Public liability insurance including cover for loss/damage to third party property and third party injury with a minimum limit of GBP10 million per event with no annual aggregate. There must be no marine exclusions in the policy.
- * Products liability with a minimum limit of USD10 million. There must be no marine exclusions and a completed operations extension.
- * Professional indemnity/Liability - minimum 5m GBP, each and every claim

The bidder should purchase any other insurance cover as necessary, taking into account the terms and conditions of this contract.

CalMac Ferries reserve the right not to conclude any contract as a result of the procurement process initiated by this notice and to make whatever changes CalMac Ferries deem appropriate to the content, process, timing and structure of the procurement process.

Tenderers submissions in the Technical Envelope Section 2 – Questions 2.6 will be evaluated on a pass/fail basis.
