Scope

Description

O'Reilly - Safari Online provides access to a large number of digital books, and training videos, in key architecture design and technology areas. It gives the ability for clients to understand emerging architecture design patterns, and the latest technologies, and how they should be implemented across the clients' organisation.

The O'Reilly platform supports analysts using coding programmes including R, Python and SAS in a range of formats from live courses, learning certificates, conferences test papers while underpinning learning across business and technology topics from data science to AI.
