### **II.2.4) Description of the procurement**

Lot 9 - Intensive Growth and Resilience Programme – to help business owners achieve a step change in their approach through a short, structured, intensive programme of support. It should be aimed at businesses looking to increase their ability to cope with a

changing business environment, including rising costs, and identify the right opportunities to develop to grow the business.

The programme should combine using a range of tools and techniques with expert support, and be tailored to participants, facilitating them to create a practical and deliverable approach to driving growth and sustainability in their business.

The programme should include the following key stages: exploration of current performance and evaluation of opportunities, identification of development priorities for selected opportunities, scoping requirement, confirming strategy and identification of further support for development

By the end of the programme participants should have defined the capabilities, capacity and resources needed to develop opportunities and build resilience, and be clear on their next steps to deliver. This will be supported by a 3-month review of progress and ongoing Business Gateway adviser support.

Where a requirement for additional expert advice of more than half a day on a topic covered by this framework is identified during the Intensive Growth Programme, a referral should be made via Business Gateway to the appointed supplier on the framework for that topic.
