Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

The trust awarded a contract to HCRG (Virgin Healthcare) on the 10th January 2022 on sole supplier basis for the provision of Dermatology services Official Journal of the European Union reference: 2020/S 215-528589

Due to the provider experiencing operational and staffing issues, it has been mutually agreed to terminate the contract, resulting in high risk clinically unacceptable service provision.

The termination of the contract has resulted in an urgent and unforeseen need for the trust to step in to ensure the continuation of these dermatology services, the trust has a legal and contractual duty (holding devolved commissioner status to BLMK CCG), to provide continuous availability of dermatology provision to its NHS patient population. In the interest of patient safety and cancer pathways, Integrated Dermatology has been identified to be able to fulfil the outstanding contractual obligations; the reasons for this are:

- they are the best placed provider to deliver local services with immediate effect;
- with clinically appropriate and sufficient staffing resources;
- which has pre-existing knowledge of the trust's clinical pathways; and
- is the only sole provider able to step in at no-notice and continue delivery of the trust's dermatology services provision.
