Extra Care Housing Services are intended to support independence, enabling people to do things themselves rather than having things done for them. In delivering the Service every opportunity must be taken to maximise Individuals' capacity to carry out tasks themselves. Extra Care Housing Services provide high quality housing whilst supporting Individuals to develop or maintain their independence and thus preventing loss of their home and the otherwise unnecessary move to more institutional forms of care.

Sope of each Service

- Provision of housing management and maintenance services appropriate to the specialist nature of the accommodation scheme
- Provision of a range of communal areas and facilities to which tenants of the nomination units will have access
- Provision of a team of suitably trained and experienced staff with an on-site presence 24 hours per day, 7 days per week, to deliver care and support services to tenants of the nomination units
- Delivery of social and low-level health care to Individuals with social care needs including personal care, physical and emotional support, activities of daily living, medication prompts, general well-being and any low-level health care tasks.
- Ability to deliver care and support to other tenants or residents of the accommodation scheme in an emergency and on a one-off basis only

Organisations may bid for up to three individual services. A separate tender submission is required for each service bid for and each submission will be considered individually.

The Contract will run for an initial term of five years with an option to extend for up to a further fifteen years in five year increments.
