Planning

MARKET ENGAGEMENT EVENTS FEBRUARY 2022 ONLY - OUTPUT

Further supporting attachments have been uploaded to this notice by way of update as the output from the events. All other elements of the notice remain unchanged.

Provision of Interim Strategic Sealift Capability - The purpose of this notice is to invite the market to attend a virtual engagement session to gain further insight on the Strategic Sealift Capability and subsequently provide information and obtain multiple views across the market to help inform the potential future Project & Commercial Strategies for SSL-I. For the avoidance of doubt this notice is not a call to competition. Any responses, comments, indications of interest, participation or non-participation by any organisation at this stage will not influence the process, selection and/or award decision for a future possible procurement, nor will it be taken as a suppliers committed position. Limited information may be shared with MoD third parties for Subject Matter Expert advice where required.

II.2) Type of contract and location of works, place of delivery or of performance

Services

II.4) Short description of nature and scope of works or nature and quantity or value of supplies or services

Strategic Sealift provides UK Ministry of Defence (MOD) with a capability to deploy cargo overseas from the UK in support of the UK's standing commitments and contingent operations. The current Sealift contract expires on 31 December 2024. A new project has been initiated by UK MOD, with the aim to provide a new contract for an interim period of minimum 5 years, to an updated user requirement. The Key User Requirements are being released as part of this notice and will be discussed during the events.

II.5) Common procurement vocabulary (CPV)

- 60640000 - Shipping operations

Section VI: Complementary information
