The Ministry of Defence intends to award a contract to Logic Manufacturing Limited for the supply of spare parts for Quad Trailer model SMT172B (Trailer). The contract will be for a period of up to 8 years (5 years plus 3 options to extend by a year) and have a value of up to £570k.

It is considered that this contract can be awarded under section 41 of the Procurement Act 2023 because the direct award justification specified in para 7 of Schedule 5 (repeat goods) applies. This is because this is a repeat purchase of spare parts for the Trailer, which is a military variant of a civilian platform, and the spare parts are manufactured bespoke by Logic Manufacturing Limited. Spare parts manufactured by another supplier would therefore be incompatible with the Trailer, resulting in disproportionate technical difficulties in operation.

Babcock Land Defence Limited is to negotiate a single source Contract with the named supplier Logic Manufacturing Limited, Foundry Industrial Estate, Bridge End, Hexham, Northumberland, NE46 4JL, United Kingdom.
