Section VI. Complementary information

VI.3) Additional information

The Common Services Agency (more commonly known as National Services Scotland) ('the Authority') acting through its division National Procurement, is undertaking this procurement of Stoma Appliances ('Products') on behalf of all entities constituted pursuant to the National Health Service (Scotland) Act 1978, (i.e. all NHS Scotland Health Boards, Special Health Boards and the Authority or other NHS Organisation established pursuant to the NHS (Scotland) Act 1978), any integrated Joint Boards established pursuant to the new Public Bodies (Joint Working) Scotland Act 2014 (collectively hereafter referred)

-

Economic operators may be excluded from this competition if they are in any of the situations referred to in regulation 58 of the Public Contracts (Scotland) Regulations 2015

-

The Public Sector in Scotland is committed to the delivery of high quality public services, and recognises that this is critically dependent on a workforce that is well-rewarded, well-motivated, well-led, has access to appropriate opportunities for training and skills development, diverse and engaged in decision making. These factors are also important for workforce recruitment and retention, and thus continuity of service. Public Bodies in Scotland are adopting fair work practices, which include:

-

A fair and equal pay policy that includes a commitment to supporting the Living Wage, including, for example being a Living Wage Accredited Employer;

-

Clear managerial responsibility to nurture talent and help individuals fulfil their potential, including for example, a strong commitment to Modern Apprenticeships and the development of Scotland's young workforce;

-

Promoting equality of opportunity and developing a workforce which reflects the population of Scotland in terms of characteristics such as age, gender, religion or belief, race, sexual orientation and disability;

-

Support for learning and development;

-

Stability of employment and hours of work, and avoiding exploitative employment practices, including for example no inappropriate use of zero-hours contracts;

-

Flexible working (including for example practices such as flexi-time and career breaks) and support for family friendly working and wider work life balance;

-

Support progressive workforce engagement, for example Trade Union recognition and representation where possible, otherwise alternative arrangements to give staff an effective voice

-

In order to ensure the highest standards of service quality in this contract we expect contractors to take a similarly positive approach to fair work practices as part of a fair and equitable employment and reward package

-

Please describe how you will commit to fair work practices for workers (including any agency or sub-contractor workers) engaged in the delivery of this contract

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

Economic operators should approach the contracting authority in the first instance. However, the only formal remedy is to apply to the courts:

An economic operator that suffers, or is at risk of suffering, loss or damage attributable to a breach of duty under the Public Contracts (Scotland) Regulations 2015 or the Procurement Reform (Scotland) Act 2014, may bring proceedings in the Sheriff Court or the Court of Session.

The bringing of court proceedings against the Authority after the Framework Agreement has been entered into will not affect the Framework Agreement unless grounds for the imposition of special penalties under the Public Contracts (Scotland) Regulations 2015 can be established. Otherwise the remedies that may be awarded by the courts where the Framework Agreement has been entered into are limited to the award of damages.
