II.1.4) Short description

The University of Edinburgh wishes to establish a four year Framework Agreement for the provision of Quantity Surveying Services.

The framework agreement shall be tendered on behalf of the University of Edinburgh and all University of Edinburgh Subsidiary Companies. All of the University of Edinburgh's Subsidiary Companies may access and utilise the framework agreement at any time during the life of the framework period.

Projects types and services will include a mixture (but not limited to) of:

- Project types: Alterations and refurbishment associated with new occupation, changes of and upgrade of facilities; Adaptations and extensions of existing buildings; Maintenance works and New build works (including demolition of existing buildings).
- Services: Contract administration and employer's representative services; Peer reviews and due diligence services; Facilitation of value engineering and risk workshops and supporting in the preparation of funding bids and supplying information for rating assessors and the like.

This includes the provision of infrastructure works either when associated to the main project scope or as a standalone infrastructure project.

The Quantity Surveying services shall include the preparation of a Bill of Quantities or a Contract Sum Analysis, Employer's Requirements or a Schedule of Works, as appropriate dependent on procurement approach and University's instruction/preference.

The service providers (appointed QS consultant) needs to have a thorough working knowledge of works contracts, for example but not limited to NEC, JCT and ICE and support the University in the use of a variety of procurement arrangements including collaborative working and framework arrangements i.e. mini competitions using SCAPE and CCS framework agreements.

The University may utilise Design Team and Contractor Framework Agreements and the service provider will need to familiarise themselves with the ethos and operational details of these Framework Agreements.

The service provider should allow for regular and frequent project team meetings throughout the project, necessary for full co-ordination of the project as well as framework performance reviews in relation to agreed key performance indicators and service level agreements.

The framework will be divided into three Lots in accordance with value bands as detailed below.

Bidders will be allowed to bid for one or more Lots:

-Lot 1 Maintenance/Small Works Projects up to a contract value of GBP 2.5M

-Lot 2 New Build/Refurbishment Projects with a value over GBP 2.5M and up to GBP 10M

-Lot 3 New Build/Refurbishment Projects with a value over GBP 10M

The University intends to invite the top scoring suppliers, who have met all pre-conditions, on to the framework, as per:

Lot 1: 6 service providers;

Lot 2: 3 service providers;

Lot 3: 3 service providers.

For each Lot, there will be the option to award contracts either by direct award on a rotational basis or mini competition.

II.2.4) Description of the procurement

The University of Edinburgh wishes to establish a four year Framework Agreement for the provision of Quantity Surveying Services. Projects types and services will include a mixture (but not limited to) of:

- Project types: Alterations and refurbishment associated with new occupation, changes of and upgrade of facilities; Adaptations and extensions of existing buildings; Maintenance works and New build works (including demolition of existing buildings).
- Services: Contract administration and employer's representative services; Peer reviews and due diligence services; Facilitation of value engineering and risk workshops and

supporting in the preparation of funding bids and supplying information for rating assessors and the like.

This includes the provision of infrastructure works either when associated to the main project scope or as a standalone infrastructure project.

The QS services shall include the preparation of a Bill of Quantities or a Contract Sum Analysis, Employer's Requirements or a Schedule of Works, as appropriate dependent on procurement approach and University's instruction/preference. The appointed QS consultant needs to have a thorough working knowledge of works contracts, for example but not limited to NEC, JCT and ICE and support the University in the use of a variety of procurement arrangements including collaborative working and framework arrangements, for example mini competitions using SCAPE and CCS framework agreements. The University may utilise Design Team and Contractor Framework Agreements and the service provider will need to familiarise themselves with the ethos and operational details of these Framework Agreements. In addition, the appointed QS should allow for regular and frequent project team meetings throughout the project, necessary for full co-ordination of the project.

The procurement will utilise the 2 stage Restricted Procedure.

Stage 1 - Single Procurement Document SPD (Scotland). The shortlisting decision shall be based on the requirement to pass any minimum standards (pass/fail) sections of the SPD as well as on the results of the scored questions listed in the PCS-T technical envelope. In addition, each supplier will require to undergo a financial turnover test specific to each Lot and have a minimum annual turnover for the last three years (to be detailed in the PCS contract notice and tender documents).

Stage 2 - Invitation to Tender (ITT). The ITT will evaluate both the technical and cost elements. The cost and quality score will be combined to calculate the overall MEAT (most economically advantageous) score for each supplier.

Objective Criteria for Shortlisting - SPD Section 4C scoring method:

0 – Unacceptable. Nil or inadequate response. Fails to demonstrate previous experience/capacity/capability relevant to this criterion.

1 – Poor. Response is partially relevant but generally poor. The response shows some elements of relevance to the criterion but contains insufficient/limited detail or explanation to demonstrate previous relevant experience/ capacity/capability.

2 – Acceptable. Response is relevant and acceptable. The response demonstrates broad previous experience, knowledge and skills/capacity/capability but may lack in some aspects of similarity e.g. previous experience, knowledge or skills may not be of a similar

nature.

3 – Good. Response is relevant and good. The response is sufficiently detailed to demonstrate a good amount of experience, knowledge or skills/capacity/capability relevant to providing similar services to similar clients.

4 – Excellent. Response is completely relevant and excellent overall. The response is comprehensive, unambiguous and demonstrates thorough experience, knowledge or skills/capacity/capability relevant to providing similar services to similar clients.

Scored SPD Section 4C question weighting: 4C.1. Experience (60%), Quality and Accuracy (30%) Workforce (10 %).

II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 90

Price - Weighting: 10

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 9

Objective criteria for choosing the limited number of candidates:

The procurement will be conducted as a Restrictive Procedure. All queries about this procurement must be made via the PCS-T messaging system. For further instructions, please refer to the SPD Guidance document attached to this project in PCS-T.

We will apply the following process:

SPD PRE QUALIFICATION

Pre-Qualification via the SPD (Scotland). The SPD asks bidders general questions; when completing, bidders must have regard for the statements in this OJEU Notice and the SPD Guidance document that detail specific requirements. Please note that full statements are available in SPD Guidance document, while OJEU Notice statements are summarised due to character restrictions. Bidders must:

- a) Pass the minimum standards in SPD Sections 4A, 4B, and 4D in the PCS-T Qualification envelope. Statements for these questions can be found in the SPD Guidance document and Sections III.1.1, III.1.2 and III.1.3 ("Minimum level(s) of standards possibly required") of this Notice.
- b) Complete the scored SPD Section 4C found in the PCS-T Technical envelope. Statements for these questions can be found in the SPD guidance document and Section III.1.3 ("List and brief description of selection criteria") of this Notice. Section 4C will be scored as per the scoring methodology detailed below. We will take the nine (9) highest scoring suppliers through to the ITT stage.

Where the number of bidders meeting the selection criteria is below the minimum number, the University may continue the procedure by inviting the candidates with the required capabilities. In any event the number of candidates invited shall be sufficient to ensure genuine competition.

The ITT stage will comprise of a 90% Quality/Technical and 10% Commercial evaluation.

A technical threshold will apply - bids will be required to achieve a minimum score of 45% or more of the overall technical score of 90% in order to be taken forward to final ranking.

The quality/technical and commercial score will be combined to give each bidder/tenderer an overall total score.

We will invite the six (6) highest scoring bidders, provided they have passed the technical threshold onto the framework agreement.

Further details can be found within the ITT documentation, which will be made available to shortlisted suppliers.

The University may also include consideration of what practices bidders will commit to monitor and reduce their carbon footprint. Detailed information will be contained within our invitation to tender (ITT) documentation, and may include confirmation of compliance with the APUC Supply Chain Code of Conduct and invitation to the Sustain assessment programme.

Living Wage:

The University of Edinburgh has Living Wage Accreditation and is committed to promoting fair and reasonable remuneration. The University expects this for all workers involved in the delivery of our contracts, including at least the Living Wage for UK-based workers

(currently 10.90 GBP per hour according to the Living Wage Foundation, see www.livingwage.org.uk). In addition to consideration of Fair Work Practices, a non-scored Living Wage question will be included within our invitation to tender (ITT) documentation.

Modern Slavery, Blacklisting Equalities Act

Bidders and subcontractors engaged in the delivery of this contract may be excluded if they have not met applicable social, environmental and labour obligations under national, EU, and international law (as indicated in SPD section 3D). Without prejudice to any additional relevant duties, suppliers should note that this includes obligations for certain organisations under:

- the Modern Slavery Act 2015 (available at <http://www.legislation.gov.uk/ukpga/2015/30/contents/enacted>),
- the ILO conventions and other measures listed in Annex X of Directive 2014/24/EU (available at <http://eur-lex.europa.eu/legal-content/EN/TXT/HTML/?uri=CELEX:32014L0024&from=EN>)
- the Equality Act 2010 (available at <https://www.legislation.gov.uk/ukpga/2010/15/contents>)
- the Employment Relations Act 1999 (Blacklists) Regulations 2010 (<http://www.legislation.gov.uk/uksi/2010/493/contents/made>) - this is grounds for mandatory exclusion or termination at any procurement or contract stage.

At any stage, bidders and/or relevant subcontractors may be required to provide statements and means of proof demonstrating their compliance with these obligations or the reliability of their self-cleansing measures, including the annual statement as provided for by section 54 of the Modern Slavery Act for organisations with a turnover of 36,000,000 GBP or over.
