Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

SPS implemented an EPOS system in 2014 via a contract with Lapsley Ltd, procured via Open Competition.

This Contract provides ongoing support and maintenance for this EPOS system.

The EPOS system has been developed over a number of years, to fully integrate with SPS' existing internal prisoner record system. As these developments have been written and implemented by Lapsley Ltd, any new supplier would not be familiar with the full range of functionality that the software now offers and the complexities of the technical integration with the prisoner record system.

The proposed contract term aligns with a separate project which is assessing services which may be provided in an in-cell environment in future.
