II.2.4) Description of the procurement

LHC are intending to split the framework into multiple lots, it should be noted however that the list provided below will be further refined following our pre-tender engagement and therefore may not represent the lot structure in the final tender issued.

- Fire safety consultants
- Fire risk assessors
- Energy Efficiency consultants

- EPC assessors
- Stock appraisals
- Architectural services
- Project management
- Planning consultants
- Principal designer
- Civil and structural engineering
- Mechanical, Electrical & Plumbing services
- Clerk of works
- Building surveyor
- Quantity surveyors
- Employers agent
- Health and safety environmental consultants
- Construction management
- Digital coordinator
- Retrofit Assessors and coordinators
- Multidisciplinary team and ancillary services.

As this will be a national framework, within each lot there will be multiple geographical areas that bidders can apply for. It should be noted that some consultancy services are not planned to be procured for the North and Central England and London and South East regional areas due to existing framework offerings in those regions already available. Therefore, consultancy services covered by LHCs MDC1 framework will not be offered for bidding in our CPC and LSE business units, but bidders will be able to apply to provide these services in South West England , Wales and Scotland.

LHC intend to carry out further engagement webinars with interested parties in due course to discuss or initial proposals and gain feedback before finalising the framework and

issuing the tender.

To register an interest in the upcoming framework tender, and to receive further information on the webinar and how to book onto a session please express an interest in the project via our eTendering portal using the direct link as follows.
