## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

National Flexible Framework for the provision of On-Site Surgical and Medical Capacity Solutions

Reference number

F/044/OSMCS/21/IB

#### **II.1.2) Main CPV code**

- 85111000 - Hospital services

#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

The NHS is facing a period of intense pressure to reduce waiting lists. Trusts are looking towards innovative solutions to help reduce their referral to treatment times and increase efficiency through better utilisation of their existing facilities.

NHS Trusts may find it difficult to meet referral to treatment (RTT) targets due to lack of capacity. Locum staff can fill gaps but Trusts still need to manage the patient pathway which may not be possible outside normal hours (e.g. evenings & weekends). On-site Surgical and Medical Capacity Solutions (sometime known as “Insourcing”) will act in a complementary way to partially or totally manage the Pathway for referred Patients.

This Flexible Framework will facilitate maximisation of in-house capacity to a level that the Participating Authorities can reduce the need for additional mobile facilities and outsourcing. At the same time, in-patient and out-patient waiting times will be reduced, referrals will be expedited, service quality will be improved and patient satisfaction will be positively impacted.

The Countess of Chester Hospital NHS Foundation Trust’s Commercial Procurement Service has introduced a new, flexible commercial Framework which will allow UK public bodies to procure on-site surgical and medical capacity solutions. This will enable Participating Authorities to act quickly in realising efficiencies.

The services in scope of this procurement process are healthcare services which fall

under 'social and other specific services' in Section 7 of the Public Contracts Regulations 2015 ('PCR') (as amended). In accordance with Regulation 76 PCR, the process set up a framework agreement and followed a procedure similar to the open procedure. However, the Framework Manager and the contracting authorities using the framework are only bound by the parts of the PCR that specifically apply to social and other specific services.

For the avoidance of doubt, the rules that apply to the open procedure under Regulation 27 and framework agreements under Regulation 33 do not apply to this procurement. All providers that meet the minimum requirements set out under the procurement process will be appointed to the framework agreement. There will be no maximum number of providers appointed.

The procurement process has resulted in the award of a number of framework agreements with no guaranteed level of spend.

This supplemental award notice concerns the conclusion of framework agreements that were overlooked at the time of the initial award notice.

#### **II.1.6) Information about lots**

This contract is divided into lots: No

#### **II.1.7) Total value of the procurement (excluding VAT)**

Value excluding VAT: £1

### **II.2) Description**

#### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom

#### **II.2.4) Description of the procurement**

The overall aims of the Services are to provide NHS Organisations with fully compliant solutions which supplement the delivery of patient care by NHS Organisations in line with the NHS' core Key Performance Indicators and standards including but not limited to:

- A&E 4 hour wait targets;
- elective 18 week Referral to Treatment targets;

- cancelled procedures targets;
- bed availability and utilisation targets;
- timely and appropriate diagnostic testing targets;
- urgent 2 week GP referral rules for suspected cancer; and
- any core targets and standards introduced over the term of this framework.

The Services will aim:

- To provide high quality support that can be called upon at relatively short notice.
- To prevent inappropriate waiting times for patients and assist NHS Organisations in meeting national targets and guidelines.
- To enable delivery of a Patient Pathway from referral to treatment that removes unnecessary delay in treatment.
- To deliver treatment that is safe and effective in facilities that are owned and operated by an NHS Organisation (that is to deliver an “insourcing” service).
- To establish a positive working relationship between an NHS Organisation and the Supplier to facilitate and maximise service delivery, the emphasis being on timely, quality, cost effective, evidence-based care, with appropriate clinical protocols and audit where possible.
- To provide medical, nursing or other staff as a part of the Services to perform clinical and support activities, including therapies and administration.
- To help Trusts to avoid unnecessary, inappropriate primary and secondary referrals.
- To provide tailored audit and review processes with national and locally agreed Key Performance Indicators.

The Services will cover the full range of Surgical and Medical specialties and sub-specialities, including but not limited to:

- Surgical specialties
  - o Cardiothoracic
  - o General

- o Neurosurgery
- o Oral & maxillofacial (including minor oral surgery)
- o Ophthalmic
- o Otolaryngology (ENT)
- o Paediatric
- o Plastic
- o Trauma & orthopaedic
- o Urology
- o Vascular
- Medical specialties
  - o Anaesthesia
  - o Clinical oncology
  - o Clinical radiology
  - o Emergency medicine
  - o Intensive care medicine
  - o Medicine
  - o Acute internal medicine
  - o Allergy
  - o Audiovestibular medicine
  - o Cardiology
  - o Clinical Genetics
  - o Clinical neurophysiology

- o Clinical pharmacology and therapeutics
- o Dermatology
- o Endocrinology and diabetes
- o Gastroenterology
- o General internal medicine
- o Genitourinary medicine
- o Geriatric medicine
- o Immunology
- o Infectious diseases
- o Medical oncology
- o Medical ophthalmology
- o Neurology
- o Nuclear Medicine
- o Otolaryngology (ENT)
- o Palliative medicine
- o Pharmaceutical medicine
- o Rehabilitation medicine
- o Renal medicine
- o Respiratory medicine
- o Rheumatology
- o Sport and exercise medicine
- o Stroke medicine

- o Tropical medicine
- o Obstetrics and gynaecology
- o Occupational medicine
- o Ophthalmology
- o Paediatrics
- o Paediatric cardiology
- o Paediatrics
- o Pathology
- o Chemical pathology
- o Haematology
- o Histopathology
- o Medical microbiology and virology
- o Psychiatry
- o Child and adolescent psychiatry
- o Forensic psychiatry
- o General psychiatry
- o Liaison psychiatry
- o Medical psychotherapy
- o Old age psychiatry
- o Psychiatry of intellectual disability

The Supplier will offer managed solutions covering full or partial Patient Pathways (e.g. outpatients, diagnostics, surgery, ward, administration). The extent to which the Supplier manages Patient Pathways will be agreed with the NHS Organisation and described in the Call Off Contract Project Specification. Any prescribing requirement will be agreed

with the NHS Organisation and described in the Call Off Contract Specification.

The Services may include Patient Pathway management tools, such as digital pathway management and digital triage solutions.

The Services may include the sourcing by the Supplier of additional high quality capital equipment and/or infrastructure upgrades.

#### **II.2.5) Award criteria**

Quality criterion - Name: Project management approach / Weighting: 30

Quality criterion - Name: Corporate governance / Weighting: 30

Quality criterion - Name: Clinical governance / Weighting: 30

Cost criterion - Name: Commercial / Weighting: 10

#### **II.2.11) Information about options**

Options: No

#### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

---

## **Section IV. Procedure**

### **IV.1) Description**
