The BATP will use the Games to promote the tourism offer of Birmingham, the West Midlands and the wider UK to generate economic growth. Focusing primarily on key Commonwealth markets and the UK, the Games presents a unique opportunity to attract additional domestic and overseas visitors, increasing their spend when they arrive here.

As part of this programme, we want to celebrate the tourism businesses who boost the West Midlands' reputation as a world-class destination for national and international visitors.

The West Midlands Tourism Awards will align with the annual awards cycle set out by VisitEngland through the national framework, the "Awards for Excellence", which begins with a series of local /regional competitions and feeds up to the national VisitEngland Awards for Excellence.

England's tourism awards champion the very best of the country's tourism industry, celebrating quality, innovation and best practice, and this event will provide the region with:

- PR hooks for regional, national and international press activity.
- An independent audit of the region's best tourism and hospitality businesses.
- A celebration of industry best practice, sustainability and innovation.
- An opportunity to push the gold and silver award winners through to the National Awards for Excellence competition.

This tender is for an event management company who will need to plan, manage and deliver a memorable, high-quality awards event in the best of the region's venues to cater for around 300 guests and award winners.

## Section IV. Procedure

### IV.1) Description

#### IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- No tenders or no suitable tenders/requests to participate in response to open procedure

Explanation:

The proposed procurement route for this tender is via the Negotiated Procedure without Prior Notice Publication PCR (2015) Regulation 32 (2b) due to reasons for absence of competition / unfit competition after initial procurement run as open procedure PCR (2015) regulation 27.

The negotiated procedure without prior publication for procurement of an event management company for the tourism awards in this case is being used in putting in place a services contract in line with (Article 32 (2) Dir 2014/24) based on the following situation where no (suitable) tenders or no (suitable) requests to participate have been submitted in response to an open procedure.

A contract notice calling for competitive tenders was issued by WMGC Ltd on 03/09/2021 inviting tenderers to submit proposals based on the Tender Ref 2021-WMGC-0063 which utilised an Open Procedure as part of call for competition and had a deadline for tender submissions on 23/09/2021.

In line with permissions given in Public Contracts Regulation (2015) Reg.40 WMGC Ltd undertook preliminary market consultations to build a view as part of supply market feedback as to reasons why the tender had not yielded sufficient interest from the market to determine next steps finding an optimum route to utilise in procuring the service.

The market consultations feedback review from EOIs post tendering cycle confirmed that the contract value was not sufficient for the level of outputs required.

An extension to this open tender was granted, with a significantly increased contract value to satisfy previous concerns from suppliers and a reduced weighting against price within the evaluation criteria to further ease concerns in this area. The ITT was revised and reissued on 15/10/2021 with a tender return date of 01/11/2021. There were 19 EOIs, 6 of whom flagged that they intended to submit a tender return, with 1 tender return being submitted by Marquee Chamelon.

Using the evaluation method statements and scoring matrix, the tender evaluation panel scored independently and then consensually agreed that Marquee Chamelon had scored 33/90 for quality award criteria, and 10/10 on price (due to absence of competition), resulting in a total mark of 43/100. The tender return did not give any reassurance to the evaluation panel that the supplier could deliver this contract to a high enough standard, and therefore has been deemed inadmissible (on the basis that the ITT documents stated: failure to score a minimum of two (2) in any one category may result in no further evaluation of the ITT response).

In light of the foregoing reasons, it is necessary for the reason of extreme urgency to have a contract in place by seeking an alternative procedure permissible in PCR (2015) regulations for example by pursuing a Negotiated Contract reg.32 without Prior Publication due to absence of competition.

The Choice of procedure is justified due to no bids or no suitable bids received or no requests to participate were received across two open procedures.

WMGC Limited will now enter into direct negotiation with Reach Plc who are capable of meeting the requirements of this contract (without substantially making any major changes to the contract).

In using the Negotiated procedure WMGC Ltd will not publish a contract Notice, but will publish a voluntary ex-ante transparency notice (VEAT).

#### **IV.1.8) Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: No
