Education

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Training Course in Waste in Circular Economy

Reference number

SSJ00059

II.1.2) Main CPV code

- 80500000 - Training services

II.1.3) Type of contract

Services

II.1.4) Short description

Fife College have also decided to advertise the Waste in the Circular Economy as part of

our Skills boost offerings and are also targeting 50 – 100 individuals who have been made redundant or have been furloughed during this current pandemic. This initiative will help boost the region's economic recovery and should allow the individuals who have enrolled to progress onto further study and/or seek alternative employment in the STEM, renewables, engineering and construction sectors. HCI and partners were keen for the colleges to deliver a Waste in the Circular Economy 40 hour unit of learning to 100 full time students per year.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £160,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKM72 - Clackmannanshire and Fife

Main site or place of performance

Fife College Campuses

II.2.4) Description of the procurement

Fife College have secured funding from the Edinburgh and South East Scotland City deal and through the Housing Construction Infrastructure. HCI and partners were keen for the colleges to deliver a Waste in the Circular Economy 40 hour unit of learning to 100 full time students per year.

The HCI Skills Gateway is an eight-year, 6 million GBP programme as part of the Edinburgh & South East Scotland City Region Deal based at Edinburgh Napier University. Its ambition is to deliver clear, integrated and inclusive progression routes into construction careers. This encompasses all skill levels, from introducing basic skills in schools across South-East Scotland, through to providing advanced postgraduate training for people under-represented in senior roles in the construction industry. Working in partnership across the public and private sector – uniting FE and HE training providers, construction industry companies and local and national government – the HCI Skills Gateway will help drive high value and inclusive growth to improve housing, lives and wellbeing across the Edinburgh and South-East Scotland region.

The HCI Skills Gateway is closely aligned with priorities within the Scottish Construction Leadership Forum's August 2020 draft recovery plan: Skills and Workforce – support employment, fairness of work and those who may become unemployed through what will be a difficult period. A particular focus is needed on the younger workforce. Develop and embed an industry wide approach to school engagement and career promotion, including resources that showcase pathways into and through the industry across all professions. Develop a competency framework that includes a focus on digital skills, meta-skills, management and leadership skills in addition to technical skills and competencies.

Fife College have also decided to advertise the Waste in the Circular Economy as part of our Skills boost offerings and are also targeting 50 – 100 individuals who have been made redundant or have been furloughed during this current pandemic. This initiative will help boost the region's economic recovery and should allow the individuals who have enrolled to progress onto further study and/or seek alternative employment in the STEM, renewables, engineering and construction sectors.

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

Verdancy is the only supplier known to provide the goods and services required and our research carried out demonstrated that there are no satisfactory alternatives.

In accordance with Regulation 33 (b) (ii) of the Public Contracts (Scotland) Regulations 2015 the services can only be provided Verdancy for technical reasons.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

- UKM78 - West Lothian

The contractor/concessionaire is an SME

Yes

V.2.4) Information on value of contract/lot/concession (excluding VAT)

Total value of the contract/lot/concession: £160,000

Section VI. Complementary information

VI.3) Additional information

The only option available for the college is to engage with Verdancy as they are the only providers of this course/unit. In future other training organisations may be in a position to offer a similar type course but until such times we are restricted in our attempts and efforts to find anyone who offers the same or similar type of course.

Verdancy is to be contracted as the sole supplier for the delivery of this unique, innovative and sector leading qualification for a period of 5 years to ensure continuity of service delivery to students.

(SC Ref:646415)
