Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- Extreme urgency brought about by events unforeseeable for the contracting authority

Explanation:

Royal Wolverhampton NHS Trust are extending their current contract for the bulk supply of continence products for a 6 month period from 18th March 2021 until 17th September 2021. This is due to the pressures which the Community nurses faced during the COVID-19 pandemic which did not provide the time, resource and ability to run a thorough procurement process including trials, implementation of the successful contract and potential disruption to patients' and their products. This extension will allow for a thorough mini-competition process to be completed including trials for the core services of product delivery and the required associated IT platform as well as sufficient implementation following a successful contract award.

It is anticipated that the Procurement process will commence 18th March 2021 for the provision of Bulk delivery continence products with an associated IT system.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No
