Water

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

NWL Tankering Framework

II.1.2) Main CPV code

- 60182000 - Hire of industrial vehicles with driver

II.1.3) Type of contract

Services

II.1.4) Short description

NWL have a requirement for contractors to provide adhoc tankering services for the transportation of septic sludge, liquid sludge and/or cake sludge using a variety of vehicles including but not limited to rigid tankers, articulated tankers, artic tipper, 8-wheeler rigid body tanker, 8 wheeler rigid tipper, and tractors & barrel. These services will cover NWLs Northumbrian Water operating area only. Essex and Suffolk is not included.

The framework will be divided into the following lots:

2.3.1 LOT 1 - WASTEWATER TANKERING

- Suppliers must be able to meet a lead time of next day for any planned work
- Supplier must maintain a green status on the Operator Compliance Risk Score (OCRS)
- As waste water treatment is a continuous operation, communication and logistics support must be available 365 days a year and 24 hours a day.
- NWL Bioresources move sludge from NWL Sewage Treatment works to NWL Treatment Centres Howdon, Hendon & Bran Sands.
- Lot 1 covers a requirement for a 3rd party transport provider for us on an ad hoc basis and volumes will vary from week to week. NWL Bioresources predominantly hire 44T artics which can carry around 27 tonne of sludge.
- NWL Bioresources typically hire 1 to 2 tankers a week (Mon to Fri), but on some weeks we don't require any. On days tankers are hired they will each do around 5 loads a day for the full day.
- NWL Bioresources occasionally have a requirement for a rigid 32T vac tanker, but this is not on a frequent basis.

- Articulated Tankers with a minimum capacity 28 m3 (inclusive with 1 Driver)
- Articulated Tipper Trucks with a minimum capacity 28-30 tonne loads (inclusive of 1 Driver)
- Rigid Tankers with 14m3 to 18m3 capacity (inclusive with 1 Driver)

2.3.2 LOT 2 - WATER SLUDGES TANKERING

- Suppliers must be able to meet a lead time of next day for any planned work
- Suppliers must be able to provide 24-hour emergency call out.
- Suppliers must be capable of offering large fleet of vehicles equipped for all types of liquid sludge transport.
- Supplier must maintain a green status on the Operator Compliance Risk Score (OCRS)
- Supplier must be capable of undertaking a clean wash out of tankers and provides a clean wash out certificates for tankers undertaking duties on NWL water sites
- As water treatment is a continuous operation, communication and logistics support must be available 365 days a year and 24 hours a day.
- NWL Water Supply move water sludges from NWL Water Treatments Works to another WTWs for sludge treatment to be undertaken.
- Articulated Tankers with a minimum capacity 28 m3 (inclusive with 1 Driver)

2.3.3 LOT 3 - NWG GROW

- Suppliers must be able to meet a lead time of next day for any planned work
- Supplier must maintain a green status on the Operator Compliance Risk Score (OCRS)
- Rigid Tipper Trucks with a minimum capacity 18-20 tonne loads (inclusive of 1 Driver)
- Tractors and tipping trailer

o tractor & min 15 tonne tipping trailer

2.3.4 LOT 4 - RURAL TANKERING

- Suppliers must be able to meet a lead time of next day for any planned work

- Supplier must maintain a green status on the Operator Compliance Risk Score (OCRS)
- As water and waste water treatment is a continuous operation, communication and logistics support must be available 365 days a year and 24 hours a day.
- In the main a driver will be required to drive the tractor unit and trailer barrel to one of NWL remote wastewater sites to assist with tankering out from the site with emptying of primary and final tanks, and full site cleans with movement of any waste product transported to STW
- Requirement for emptying of NWL owned Septic tanks for transporting of waste into NWL STW.
- Provision of tractor and trailer across a range of barrel sizes including but not limited to:
 - o 10m3 tractor & barrel trailer
 - o 14m3 tractor & barrel trailer
 - o 16m3 tractor & barrel trailer
 - o 20m3 tractor & barrel trailer

II.1.5) Estimated total value

Value excluding VAT: £6,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

As stated in the procurement documents

III.1.2) Economic and financial standing

List and brief description of selection criteria

As stated in the procurement documents

Minimum level(s) of standards possibly required

As stated in the procurement documents

III.1.3) Technical and professional ability

List and brief description of selection criteria

As stated in the procurement documents

Minimum level(s) of standards possibly required

As stated in the procurement documents

III.1.4) Objective rules and criteria for participation

List and brief description of rules and criteria

As stated in the procurement documents

III.1.6) Deposits and guarantees required

As stated in the procurement documents

III.1.7) Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

As stated in the procurement documents

III.1.8) Legal form to be taken by the group of economic operators to whom the contract

is to be awarded

As stated in the procurement documents

III.2) Conditions related to the contract

III.2.2) Contract performance conditions

As stated in the procurement documents

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated procedure with prior call for competition

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with several operators

Envisaged maximum number of participants to the framework agreement: 16

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

28 March 2025

Local time

12:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 12 (from the date stated for receipt of tender)

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.2) Information about electronic workflows

Electronic ordering will be used

Electronic invoicing will be accepted

Electronic payment will be used

VI.3) Additional information

Applicants are asked to note that this procurement process will be conducted electronically with all documents and communication being managed through the Northumbrian Water eSourcing Spend Management portal called 'Ariba'.

Expressions of interest for this tender must be sent to the e-mail address lewis.timmins@nwl.co.uk before the deadline date of 21st March 2025 at 12 noon. Once expression of interest has been received that contains the details below, applicants will be given access to the Ariba portal within 48 hours from request.

This portal will contain all the tender documents associated with this procurement that are available at the time. An email link will also be provided to the email address you provide to access the portal.

The deadline for return of the completed Tender is 28th March 2025 at 12 noon. When sending expression of interest, applicants must provide the following information:

- 1) Full company name
- 2) Main contact details of the person who will be given access to the Ariba portal - Name, job title, E mail address and telephone

VI.4) Procedures for review

VI.4.1) Review body

Northumbrian Water

Pity Me, Durham

Country

United Kingdom
