Description

NHS London Procurement Partnership (hosted by Guy's and St Thomas' NHS Foundation Trust) is seeking to award a 2 year fixed term contract to a Supplier for the provision of maintenance and development services for the RightBreathe website. This will include requirements for website maintenance and support to ensure up-to-date information is available on the website, that the website is secure, technical support and fault resolution is provided, in order to continue supporting clinicians in making respiratory prescribing decisions to provide the best service to patients.

Please familiarise yourself with the current website at www.rightbreathe.com for context.

ACCESSING THE OPPORTUNITY

NHS LPP is running this procurement via the Atamis e-commercial tendering portal. As

such, interested bidders will need to register on the portal to access and submit the tender documents. It is strongly recommended that suppliers register with a generic shared email which can be passed to a new user if the original contact leaves your organisation. The Atamis user who submits the bid needs to remain active over the whole term of the contract as NHS LPP will send important communications using the Atamis system. If a specific supplier account becomes inactive, it is the responsibility of the supplier to inform NHS LPP and to provide a new Atamis contact to continue management opportunities. You can register for an Atamis account here:

<https://health-family.force.com/s/Welcome>

Should you have any queries or issues registering on the portal you should contact the Atamis help desk using the contacts below:

email: Support-health@Atamis.co.uk

telephone: 0800 9956035

Bidders can view the Atamis Supplier Management guide by clicking on the link below:

https://services.atamis.co.uk/docs/Supplier_User_Guide.pdf

To access the tender once registered:

1. Log in to the supplier portal account
2. Use the "Find Opportunities" section and search for C399602
3. Click the button to register interest and to access the tender pack.
4. The tender questions are to be completed electronically via the Atamis requirement sections. Where indicated suppliers can attach support evidence to specific questions.

It is the responsibility of the Bidder to keep their Atamis account updated and checked regularly to manage procurement communications. NHS LPP accept no responsibility for any failure during the Tendering process or subsequent call-off contract awards resulting from outdated account details.

RIGHT TO CANCEL

The Contracting Authority reserved the right to cancel the tender process at any point and would not be held liable for any costs resulting from any cancellation of the tender process or for any other costs incurred by those tendering for the contract.
