I.3) Communication

Access to the procurement documents is restricted. Further information can be obtained at

<https://www.wwutilities.co.uk/>

Additional information can be obtained from the above-mentioned address

Tenders or requests to participate must be submitted electronically via

<https://www.wwutilities.co.uk/>

I.6) Main activity

Production, transport and distribution of gas and heat

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Supply of Mobile Plant

Reference number

WWU1148

II.1.2) Main CPV code

- 34223300 - Trailers

II.1.3) Type of contract

Supplies

II.1.4) Short description

Supply and delivery of mobile plant within the Wales & West network area. Wales & West Utilities Limited are looking to award a three (3) year contract with the option to extend for up to five (5) years in a minimum of 6 month periods.

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2) Description

II.2.1) Title

Trailers - standard and adapted standard types

Lot No

1

II.2.2) Additional CPV code(s)

- 34223300 - Trailers

II.2.3) Place of performance

NUTS codes

- UKK - South West (England)
- UKL - Wales

II.2.4) Description of the procurement

Wales & West Utilities Ltd is a gas transporter operating the pipeline network in Wales and the South West of England. WWU's current fleet of operated mobile plant consists of circa. 600 units.

Due to a recent change in business strategy, it is likely that the size of the mobile plant fleet will grow within the next 2 years.

Mobile plant is replaced on a periodic 'on condition' basis; typical total volumes are 80-100 units of all types per year.

Trailers are usually drawn by light commercial vehicles with a gross weight of 3.5 tonnes and a train weight of 6.0/6.5 tonnes. Trailer gross weights are in the range 1.5-3.0 tonnes.

Mechanical handling equipment is depot-based across WWU's area and operates almost exclusively on hard surfaces. There is a need to rationalise and standardise where practicable the current mechanical handling equipment.

WWU are looking for a provider or providers to supply and deliver effective aftersales support to WWU's contracted maintenance provider for the following products for a period of up to five years.

- Trailers - standard and adapted standard types - including tipper, lifting canopy (for 'valve pit' & 'bagging off' equipment), open-top/mesh sided (for signs & barriers); box trailers; trailers for grounds care equipment
- Trailers - specialised - for transporting c. 1.5t mini excavator (allowing mini excavator to be loaded in forward direction and secured without the use of ratchet straps)
- Trailers - specialised - bowser with vacuum/syphon tank for de-watering gas mains; other bowser types e.g. to support on-site pressure-washing
- Trailer - mounted/towable compressor generator
- Trailers - specialised - for carrying and dispensing polyethylene pipe coils of various sizes - 50/90, 125, 180mm pipe diameters
- Trailer-type site welfare cabins with security
- Trailer-type site storage units (this type is not currently owned but containers are frequently hired)
- Excavator 1.5t c/w hammer; excavator 3t (the latter type is not currently owned but is frequently hired)
- Mechanical handling equipment - telehandlers; forklift trucks; lorry-mounted forklift trucks; reach trucks; skid-steer loaders.
- Miscellaneous Grounds maintenance and agricultural equipment, e.g. mowers, 'mule' type

vehicles; quad bikes.

The above list is not intended to be exhaustive and it may be necessary to acquire other types in future as business needs dictate.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2) Description

II.2.1) Title

Trailers - specialised - for transporting c. 1.5t mini excavator

Lot No

2

II.2.2) Additional CPV code(s)

- 34223300 - Trailers
