Ministry or any other national or federal authority

**I.5) Main activity**

General public services

---

**Section II: Object**

**II.1) Scope of the procurement**

**II.1.1) Title**

Energy Innovation Research Office (EIRO)

**II.1.2) Main CPV code**

- 73300000 - Design and execution of research and development

**II.1.3) Type of contract**

Services

**II.1.4) Short description**

A second phase of whole energy systems analysis and modelling through the Energy Innovation Research Office (EIRO), with a particular focus on the impacts of government funding on whole energy systems across current and potential future Net Zero Innovation Portfolio (NZIP) themes. This will develop the evidence base on the impact of the current portfolio, wider constraints faced by novel net zero technologies, and aid planning for future innovation funding.

**II.1.6) Information about lots**

This contract is divided into lots: No

#### **II.1.7) Total value of the procurement (excluding VAT)**

Value excluding VAT: £700,000

### **II.2) Description**

#### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom

#### **II.2.4) Description of the procurement**

A second phase of whole energy systems analysis and modelling through the Energy Innovation Research Office (EIRO), with a particular focus on the impacts of government funding on whole energy systems across current and potential future Net Zero Innovation Portfolio (NZIP) themes. This will develop the evidence base on the impact of the current portfolio, wider constraints faced by novel net zero technologies, and aid planning for future innovation funding.

#### **II.2.5) Award criteria**

Price

#### **II.2.11) Information about options**

Options: No

---

## **Section IV. Procedure**

### **IV.1) Description**

#### **IV.1.1) Type of procedure**

Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
  - absence of competition for technical reasons
