Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Sustainable Drainage Technical Support

II.1.2) Main CPV code

- 90713000 - Environmental issues consultancy services

II.1.3) Type of contract

Services

II.1.4) Short description

East Sussex County Council is the Lead Local Flood Authority for its administrative area. Currently, this means that it is, amongst other things, has a statutory duty to respond to consultations on major planning applications with surface water drainage. (General Development Management Procedure Order 2015 (Schedule 4 Consultations before the grant of permission category ZE))

In practice this means that the LLFA comments on the drainage design and local flood risk implications (surface water, ground water and ordinary watercourse) of new development.

This will include pre-app consultations by developers or Local Planning Authorities (LPAs), consultations on applications for outline, reserved matters, or full planning permission. It also included consultations on the discharge of conditions and any application to vary conditions of a permission.

We are looking to contract in order to fill two roles:

1. Drainage Officer
2. Principal Drainage Officer

II.1.5) Estimated total value

Value excluding VAT: £240,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKJ22 - East Sussex CC

II.2.4) Description of the procurement

East Sussex County Council is the Lead Local Flood Authority for its administrative area. Currently, this means that it is, amongst other things, has a statutory duty to respond to consultations on major planning applications with surface water drainage. (General Development Management Procedure Order 2015 (Schedule 4 Consultations before the grant of permission category ZE))
