II.1.4) Short description

This Labour Resources framework agreement is to support Northern Gas Networks (NGN) in delivering a large portfolio of operational projects & works orders. This framework will assist NGN's Operations to engage with a range of contracted suppliers who are pre-qualified to carry out associated works. The estimated total annual value of work delivered under this framework will be in the region of £450k and NGN will be looking to award a maximum of three contractors per lot, per area onto this framework. There will be multiple call offs against this framework throughout its term to reflect the high volume of work on many assets in various locations across our network. Estimated number of annual engagements is circa 1,00 per annum.
