The Authority would like to notify the market of a potential upcoming requirement for Remote observation, Surveillance and RF emission collection systems.

The Authority are keen to understand where the market stands in terms of our requirement by inviting responses to a Request for Information (RFI), full details of which are in the attached document.

Please note the following:

- This RFI will assist the Authority to refine any future requirements.
- We reserve the right not to proceed with this procurement. Nothing shall constitute a commitment to instigating a formal procurement process.
- Any and all costs associated with the production of such a response either to an RFI or any resultant competition must be borne by the Supplier. The Authority will not contribute in any way to meeting production costs of any response.
- No down-selection of Potential Providers will take place as a consequence of any responses or interactions relating to this RFI.

- The Authority expect that all responses to this RFI will be provided by Potential Providers in good faith to the best of their ability in the light of information available at the time of their response.
- No information provided by a Potential Provider in response to this RFI will be carried forward, used or acknowledged in any way for the purpose of evaluating the Potential Provider, in any subsequent formal procurement process that may take place.
- Should a Potential Provider fail to respond to this Questionnaire, it will not affect any further participation in any possible future procurement for this capability.
