II.1.4) Short description

NS&I requires a supplier to provide UK savings data to help NS&I understand the performance of the UK savings market.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The Market and Competitor Intelligence team at NS&I requires a supplier to provide UK savings data to understand the performance of the UK savings market.

The team requires accurate and regular up to date data on the volume and value of the savings market which includes savings stock, maturities, current account and new business. This data is essential for NS&I to monitor the developments within this sector to support pricing strategies and product development.

NS&I require a supplier who has full access to this data in the form of a database, which the NS&I team are able to use to track the UK savings market performance.

NS&I requires access to a minimum of twelve months' back data.

The database must include the following areas:

- Savings stock
- Maturities
- Current account
- New business

II.2.14) Additional information

Please note the 'Estimated date of publication of contract notice' stated below is not confirmed and is dependent upon the outcome of this market engagement exercise.

NS&I reserves the right to not proceed to tender or at its absolute discretion to amend it at the time of issue of any further notice or notices or at any other time.
