The contract will be for a (2+1+1=4 years)

- 1) Contract notice transparency information for the agreement;
- 2) Contract notice authorised customer list;
- 3) Rights reserved for CCS framework.

On 2.4.2014 Government introduced its Government Security Classifications (GSC) scheme which

replaced Government Protective Marking Scheme (GPMS). A key aspect is the reduction in the number of

security classifications used. All bidders should make themselves aware of the changes as it

may impact

this requirement. This link provides information on the GSC at:

Cyber Essentials is a mandatory requirement for Central Government contracts which involve handling

personal information or provide certain ICT products/services. The government is taking steps to

reduce the levels of cyber security risk in its supply chain through the Cyber Essentials scheme. The

scheme defines a set of controls which, when implemented, will provide organisations with basic

protection from the most prevalent forms of threat coming from the internet. To participate in this

procurement, bidders must be able to demonstrate they comply with the technical requirements

prescribed by Cyber Essentials, for services under and in connection with this procurement for each of

the Lots forming this Framework.

Some purchases under this framework Agreement may have requirements that can be met under this

Framework Agreement but the purchase of which may be exempt from the Procurement Regulations (as

defined in Attachment 1 – About the framework within the invitation to tender documentation). In such

cases, Call-offs from this Framework will be unregulated purchases for the purposes of the

Procurement Regulations, and the buyers may, at their discretion, modify the terms of the Framework

and any Call-off Contracts to reflect that buyer's specific needs.

Refer to <https://www.ncsc.gov.uk/information/cyber-essentials-fags> for more information.

CCS reserves the right to award a framework to any bidder whose final score is within 1% of the last

position.

Registering for access: This procurement will be managed electronically via the eSourcing suite. This will be the route for

sharing all information and communicating with bidders. If you have recently registered on the

eSourcing suite for another CCS procurement you can use the same account for this new procurement.

If not, you will first need to register your organisation on the portal.
