Initial estimated total value of the contract/lot: £33,320,000

Total value of the contract/lot: £33,320,000

Section VI. Complementary information

VI.3) Additional information

This contract has been awarded under the urgent circumstances provision of the Provider Selection Regime (PSR). This contract has been awarded under the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Procurement Act Regulations 2023 do not apply to this award.

Justification for Urgent award:-

The contract award must be made urgently as the incumbent provider has unexpectedly served notice on the contract.

The incumbent provider decision was not foreseeable as this was a decision made by the Executive Board which the relevant authority is not party to.

NHS England has a statutory duty to commission healthcare services in places of detention; failure to award this contract would be a breach of this duty and result in harm to this vulnerable patient group as there would be no alternative accessible healthcare services.

Justification for Contract Length:-

The new service contract will take a minimum of two years to embed, service development opportunities to be realised and the desired improvements in patient outcomes to be monitored.

Procurement of new healthcare services can then be based on an improved outcomes for patients and mature service delivery models.

The Offender Health market offers a limited number of providers; the contract duration will afford commissioners time to review optimal service delivery models and stimulate the market to attract more providers ahead of a full procurement

Advice from National colleagues recommends the addition of an option to extend the contract for 12 months providing a 5-year contract length, the minimum contract length recognised as good practice.

This decision was approved by NHS England Regional Commissioning Group on 01 May 2025.

There are no conflicts or potential conflicts of interest.
