Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Manipulator refurbishment for area, WEP and MEP

Reference number

35/09712.30

II.1.2) Main CPV code

- 35113210 - Nuclear safety equipment

II.1.3) Type of contract

Supplies

II.1.4) Short description

The aim of the PaR Manipulator refurbishment project is to refurbish 3 off PaR Manipulators currently in operation: 3 PaR Manipulators are to be refurbished such that they can support future missions planned across the plants. The scope of the refurbishments covers the PaR Manipulators (including the connections to the OH crane), masts and associated cabling, the crane down-shop junction box, control desks, PaR Manipulators control panels and opportunities to interface with equipment such as size reduction tooling and in cell camera equipment. All items outside of this scope of work are considered fit for purpose, with no maintenance required. All equipment installed as part of this refurbishment must be compatible with current WEP and MEP PaR manipulators systems, consideration will only be given to parties whom can demonstrate competency to perform a system refurbishment activity for service and upgrade of PaR systems proprietary equipment and warrant for in cell operation.

II.1.5) Estimated total value

Value excluding VAT: £250,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 35113210 - Nuclear safety equipment
