Contract

Access Control System

London Stadium 185

UK7: Contract details notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2026/S 000-004765

Procurement identifier (OCID): ocds-h6vhtk-05dbba ([view related notices](#))

Published 20 January 2026, 12:06pm

Scope

Description

The Core Access Control is a comprehensive solution that combines a suite of software applications with Fortress Hardware (for clarity, not including any Excluded Hardware) to support a wide range of access control needs across venues and stadiums. It delivers robust capabilities for general admission, secondary scanning, and premium suite entrances.

 - 79999000 - Scanning and invoicing services
-

Other information

Conflicts assessment prepared/revised

Yes

Procedure

Procedure type

Direct award

Direct award justification

Single supplier - technical reasons

Stadium has already implemented solution within the venue – to change this product, it will cost approximately 300-400k with regards to Turnstile readers, PDAs, servers etc.

A major Business partner at the venue has an integration with Fortress as they sell tickets, which would cause major disruptions and additional cost to both parties.
