II.1.4) Short description

Suffolk County Council (the 'Council') has the ambition of delivering residential development in Suffolk. In order to realise this ambition, the Council is seeking to procure a private sector partner ('PSP') with whom to establish a 50:50 joint venture ('JV') development vehicle. The JV will be responsible for delivering multiple residential development schemes throughout Suffolk. The Council will commit sites to the JV for development and may also provide funding via loans or equity contributions. It is anticipated that the PSP will provide funding and services to the JV. Such services may include (amongst others) construction services and development management services. Following development, individual residential units or development parcels will be marketed and sold. Profits from the JV will be distributed to the Council and the PSP based on their equity holdings.

II.2.4) Description of the procurement

The Council has the ambition of delivering residential development in Suffolk, in order to promote economic development, enhance vitality, and secure new homes and facilities for local residents and businesses. The Council's overarching project vision is to deliver high quality development that supports a thriving county and that serves the needs of residents and businesses, including new community facilities and affordable housing, fostering a sense of local ownership. In order to realise these ambitions, the Council is seeking to procure a PSP with whom to establish a 50:50 JV development vehicle. The Council and the PSP's respective interests in the JV will be established through the procurement process, however it is envisaged that the members of the JV will each hold an equal equity interest and will jointly manage it and its assets. The Council's preferred legal and governance structure for the JV is set out in the draft Heads of Terms (that are available on the Portal). Through participating in the JV, the PSP will be responsible for helping the Council deliver its key objectives. These objectives are set out in full in the draft Heads of Terms. The Council will contribute a number of sites to the JV for development. The initial sites are North of Lowestoft Garden Village, West Mildenhall, Newmarket St Felix former middle school, West Row, and Bramford development sites (the 'Cat A Sites'). The Council has also identified a number of subsequent sites which may come forward in the future. These sites are referred to as the 'Cat B Sites'. In addition, a number of yet unidentified sites that are currently (or may subsequently become) owned by the Council may be brought forward in the future (the 'Cat C Sites'). Bidders should refer to the draft Heads of Terms and draft Invitation to Participate in Dialogue ('ITPD') for further information in

relation to these sites. In addition to the development of the sites, the Council requires the right to call-off construction works and/or services from the JV, in relation to a number of potential developments on land that is currently or may subsequently become owned by the Council (the 'Community Facilities'). The Council's proposed legal delivery structure for the Cat A Sites is set out in the draft Heads of Terms. The Council envisages that alternative arrangements may be required in respect of the Cat B Sites, Cat C Sites and for the development of any Community Facilities. The legal structure in the draft heads of terms is intended to provide sufficient flexibility to allow the Council and the PSP to decide upon the most appropriate delivery structure for future developments, taking into account any site-specific requirements at the relevant time. This may include:- sites being transferred by the Council to the JV (or a subsidiary of the JV) for development,- sites being retained by the Council, with the JV or the PSP providing construction services directly to the Council, or- alternative delivery arrangements being agreed between the Council/JV and PSP from time to time, in line with the governance mechanisms set out in the heads of terms. The Council envisages the PSP providing cash to the JV as an equity contribution with the Council's equity contribution being met through its land contributions. The Council also envisages the PSP providing pre-construction finance and other working capital by way of loans. The Council does, however, reserve the right to also contribute funding to the JV, whether by way of loan or further equity contributions. Additional debt financing will be sought from the markets. The Council anticipates the PSP providing a number of services to the JV and/or the Council which may include (but are not limited to) development management and/or construction services. The PSP will receive fees for the provision of these services based on incentivised targets

II.2.5) Award criteria

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.3) Additional information

The estimated contract value of this opportunity is between £500,000,000 GBP and £750,000,000 GBP. This figure is based on the estimated gross development value for the Cat A sites. The Council envisages a contract period of approximately 15 years with an option to extend the contract period in a number of periods up to an overall extension of 10 years. The actual period will be determined by best value considerations during the procurement procedure. Organisations must register their interest on the Council's Procurement Portal (www.suffolksourcing.uk) (the 'Portal') in order to receive any changes or notifications issued by the Council during this tender process. The Council will not be held responsible for lack of communication to any organisation who does not register their interest. Clarification questions must also be sent through the Portal. For more information about this opportunity please visit the Portal. The Draft Heads of Terms, Draft Invitation to Participate in Dialogue ('ITPD') and Draft Invitation to Submit Outline Solutions ('ISOS') are being issued at this stage via the Portal to explain the general approach to dialogue on this project and have been included for bidders' information only at this stage and do not amount to an invitation to commence dialogue and/or to submit an outline solution. The Council will evaluate bidders' responses to the selection questionnaire and intends to shortlist up to 5 bidders in accordance with the process set out in the selection questionnaire. The Council then intends to issue the ISOS to those bidders that have been selected to be invited to participate in dialogue and submit outline solutions in accordance with the ITPD and ISOS. The Council reserves the right not to award the contract in whole or in part, to cancel or amend the tender process and does not bind itself to accept any tender. The Council shall not be liable under any circumstances for any costs, charges or expenses incurred by any bidder or prospective bidder in responding to this notice or in taking part in this procurement process. Advisors to the procurement procedure have been Concertus Design and Property Consultants, Avison Young and Pinsent Masons.
