Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Non-Infrastructure Medium Project Work

Reference number

FA1756

II.1.2) Main CPV code

- 45000000 - Construction work

II.1.3) Type of contract

Works

II.1.4) Short description

Non-infrastructure MEICA and Civils ~ Medium (RW1) Project Work. TWUL are procuring delivery capability for Non-Infrastructure projects.

TWUL recognises non-infrastructure as nominally all above ground plant, equipment, structures and process; the expected scope of works spans Thames Water's water and wastewater non-infrastructure (treatment) assets across the Thames Water region. The Non-infrastructure scope includes refurbishment, replacement and provision of new potable water and wastewater treatment assets including service and storage reservoirs

Water non infrastructure scope includes but is not limited to:

- refurbishment, replacement and provision of new potable ground and surface water production assets such as enhanced slow sand filter performance,
- disinfection,
- surge protection,
- chemical dosing,
- supervisory control and data acquisition (SCADA),
- run-to-waste facilities,

- cartridge filters and UV,
- increased power resilience,
- inspection and maintenance of existing service and storage reservoirs.

Wastewater non-infrastructure scope includes but is not limited to:

- refurbishment, replacement and provision of new treatment facilities such as inlet works,
- storm water storage,
- event duration monitors,
- settlement tanks,
- biological treatment, tertiary treatment, sludge treatment including thermal hydrolysis process (THP),
- digester roof replacement,
- combined heat and power (CHP),
- chemical dosing,
- phosphorous removal,
- odour control,
- SCADA,
- increased power resilience.
