Urban railway, tramway, trolleybus or bus services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Elephant & Castle Station Capacity Upgrade

II.1.2) Main CPV code

- 45221247 - Tunnelling works

II.1.3) Type of contract

Works

II.1.4) Short description

Transport for London Limited is preparing to commence the procurement for Stage 1 of the Station Capacity Upgrade at Elephant & Castle Station which follows the pre-

procurement market engagement and Industry day that was held on 27th May 2022 following the publication of the Periodic Indicative Notice reference; 2022/S 000-011076

Elephant & Castle Station Capacity Upgrade is a key element of the Mayor's 2018 Transport Strategy to deliver step-free access and capacity improvement across the London Underground network. The station upgrade forms part of the wider redevelopment of Elephant & Castle and is essential to support the delivery of over 10,000 new jobs and 5,000 new homes across the Elephant & Castle opportunity area.

The intention of this Periodic Indicative Notice is to raise market awareness of the upcoming opportunity associated with the Elephant & Castle Station Capacity Upgrade (ECSCU) procurement and to provide a further update on the project by providing an invitation to an upcoming Industry day to be held on 17th March 2023 at Endeavour Square. Transport for London then currently plan to issue the Contract Notice on the 29th March 2023 to commence the formal procurement process.

Organisations wishing to attend the Industry day should submit their expression of interest via the SAP Ariba Portal. Details are included within section II.2.14 below. Following the submission of your expression of interest, TfL will contact you to confirm the next steps for attendance to the Industry Day. The deadline for registration of your expression of interest is no later than 12:00 noon on 10th March 2023.

Further information on the Elephant & Castle Station Capacity Upgrade Project can be obtained at: <https://tfl.gov.uk/travel-information/improvements-and-projects/elephant-and-castle-station>

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 45221240 - Construction work for tunnels
- 45221247 - Tunnelling works
- 45221248 - Tunnel linings construction work
- 45262310 - Reinforced-concrete work
- 45315100 - Electrical engineering installation works
- 71311000 - Civil engineering consultancy services

II.2.3) Place of performance

NUTS codes

- UKI - London

Main site or place of performance

London Borough of Southwark

II.2.4) Description of the procurement

The Elephant & Castle Project Requirements have been set out to achieve the following;-

- Provide a new integrated ticket hall integrated within the Elephant & Castle shopping centre redevelopment, replacing the current Northern Line ticket hall and entrance, and safeguarding for future planned upgrades to the Bakerloo Line.
- Deliver enhanced capacity to support long term growth across the Elephant & Castle Opportunity in the E&C area to meet projected increase in NL demand for year 2031 (+30%) to support the projected new homes and jobs.
- Optimise passenger journey times
- Provide Step-Free Access (SFA) from street to train (both NL platforms)
- Improve emergency evacuation conditions for the Northern Line areas
- Improve ambience and passenger experience
- Deliver in two Stages, early enabling and civils construction (Stage 1) and fit out/bringing into use (Stage 2)

TfL will be seeking to appoint a single supplier to deliver Stage 1 only as part of this procurement process for the Station Capacity Upgrade at Elephant & Castle Station which will incorporate the following elements of works;

- the design and construction of new connecting passenger tunnels between the new Station Box and the existing London Underground Station, including the associated enabling works.
- construction of sections of the new station box temporarily omitted (by the Developer from the construction of the new station box) to facilitate the Tunnelling Works

Additional Options set within the Contract to instruct;-

- the design and delivery of localised premises and MEP works to implement the temporary condition at the interface between the new tunnels and the existing station

The scope for Stage 2 fit-out/bringing into use does not form part of the scope for this procurement.

II.2.14) Additional information

To be able to participate, suppliers must be registered on SAP Ariba. To register or to check if you are already registered to SAP Ariba, log on to <https://service.ariba.com/Supplier.aw>. Interested parties must read the instructions carefully before proceeding with registration. For help on using the SAP Ariba system, please refer to https://support.ariba.com/Adapt/Ariba_Network_Supplier_Training. If the problem persists please contact Ariba_Supplier_Enablement@tfl.gov.uk

Upon completion of registration, interested parties must inform the TfL Procurement lead via email (ecscu@tfl.gov.uk), in order that they can be invited to the supplier event in Ariba.

If you should encounter any issues then please contact the project specific email address above.

II.3) Estimated date of publication of contract notice

29 March 2023

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)
