II.2.4) Description of the procurement at the time of conclusion of the contract:

Cheshire East Council wishes to commission Infection Control related services to manage risk of spread of communicable disease. The commission will be split into two lots. The first involves delivery of a core infection prevention control service incorporating

surveillance, prevention and outbreak response. The second lot involves delivery of specialist TB Nursing Services to the community including outreach, case management and new entrant screening. Both require work with key local stakeholders in order to deliver the services successfully. The contract(s) will be for an initial 3 years from 1st April 2020 with options to extend for 2 further periods of 12 months at the sole discretion of the Council. It should be noted that TUPE will apply to this commission. Interested parties should register their interest via the Chest system, reference DN392775. The contracting authority considers that this contract may be suitable for organisations that are small or medium enterprises (SME's).

For the avoidance of doubt, the contracting authority points out that no weight will be attached to whether or not an economic operator is an SME in selecting economic operators to submit tenders or in assessing the most economically advantageous tender.

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

To add additional resource to support the new entrant tuberculosis (TB) screening for individuals entering the UK under the Afghanistan relocation and assistance policy (ARAP) scheme and asylum seekers housed in hotels across the Cheshire East Council (CEC) footprint.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

The modification is a fit with the current IPC contract. It will link in with other aspects of the current service and this is the most economically viable solution.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £27,636.96

Total contract value after the modifications

Value excluding VAT: £793,636.96
