# **Section II: Object**

# II.1) Scope of the procurement

# II.1.1) Title

Waste Management (Grit, Screening and Iron Sludge

Reference number

2023 1050

# II.1.2) Main CPV code

• 90430000 - Sewage disposal services

# II.1.3) Type of contract

Services

# II.1.4) Short description

The procurement of Waste Management for Grit, Screening and Iron Sludge as per below:

AWS has elected to split the existing waste stream of Grit, Screenings and Iron Sludge into

three separate lots:

- 1. Grit (Lot 1)
- 2. Screenings (Lot 2)
- 3. Iron Sludge (Lot 3)

The above three lots are key areas where a significant tonnage is output from AWS' operational sites each year. By splitting these lots, AWS is attempting to identify innovative

alternatives to disposal via landfill which are available within the market.

Lot 1:

The Waste Management partner is required to provide skips or containers to collect the Grit

as it is output from the waste recycling process. Following this, the Waste Management partner provides haulage services to transport the waste to AWS grit hubs for recycling by AWS.

Page 4 to 10

Lot 2:

The Waste Management partner is required to provide skips or containers to collect the screenings as it is output from the waste recycling process. Following this, the Waste Management partner provides collection and haulage services to transport the waste off site

to a disposal site. Currently, this is landfill sites, however this does not align with Anglian Water's sustainability goals or Circular Economy Strategy therefore a disposal option higher

on the waste hierarchy would be preferable.

#### Lot 3:

The Waste Management partner is required to provide skips or containers to collect the iron

sludge as it is output from the water treatment works process. Following this, the Waste

Management partner provides collection and haulage services to transport the waste off site

to a disposal site.

# II.1.6) Information about lots

This contract is divided into lots: Yes

# II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £14,400,000

# II.2) Description

### II.2.1) Title

Grit

Lot No

1

### II.2.2) Additional CPV code(s)

• 90430000 - Sewage disposal services

#### II.2.3) Place of performance

**NUTS** codes

- UKE1 East Yorkshire and Northern Lincolnshire
- UKF2 Leicestershire, Rutland and Northamptonshire
- UKF3 Lincolnshire
- UKH East of England
- · UKJ1 Berkshire, Buckinghamshire and Oxfordshire

## II.2.4) Description of the procurement

To procure skips or containers to collect the Grit as it is output from the waste recycling process. Following this, the Waste Management

partner provides haulage services to transport the waste to AWS grit hubs for recycling by AWS.

### II.2.11) Information about options

Options: No
