# I.4) Type of the contracting authority

Body governed by public law

## I.5) Main activity

Other activity

Transport related services

# Section II: Object

## II.1) Scope of the procurement

#### II.1.1) Title

Earthing and Bonding

Reference number

C000488.00

#### II.1.2) Main CPV code

• 45234000 - Construction work for railways and cable transport systems

#### II.1.3) Type of contract

Works

#### II.1.4) Short description

This requirement is needed to enable the successful electrification of the Core Valley Lines. E&B will play a key part in ensuring the safety of all personnel working on or near the rail, and of rail service users and customers once the line sections are energised. An effective E&B system will assist in minimising any identified Electromagnetic Compatibility (EMC) issues across an installation.

Earthing and Bonding will need to be installed across the route, on all OLE assets, stations, bridges, fences and other metal assets to:

- Ensure personal safety for those located on or about the railway,
- Provide a safe return path for current in the event of an electrical fault,
- Provide a return current path for normal load current; and
- Ensure the correct operation of electrical protection systems.

#### II.1.5) Estimated total value

Value excluding VAT: £12,000,000

#### II.1.6) Information about lots

This contract is divided into lots: No

## **II.2) Description**

#### II.2.2) Additional CPV code(s)

- 34632200 Electrical signalling equipment for railways
- 34632300 Electrical installations for railways
- 34946000 Railway-track construction materials and supplies
- 34946100 Railway-track construction materials
- 45234100 Railway construction works
- 45234115 Railway signalling works
- 50225000 Railway-track maintenance services

#### II.2.3) Place of performance

NUTS codes

• UK - United Kingdom

#### II.2.4) Description of the procurement

The purpose of this tender is to identify and appoint competent contractors to undertake works in relation to Earthing and Boding in a live/working rail environment.

This work is required to provide key installations and allow access to the rail for incumbent TfW Infrastructure Delivery Partners (IDPs) to complete their works, and ensure the network is compliant to standards applicable to an electrified railway.

Mini-competition will be utilised as the primary call-off process under this Framework, with a direct award allocation process reserved for urgent requirements only.

Should the need arise for this work outside of CVL, the Buyer and their subsidiaries reserve the right to utilise this framework for works appropriate to the scope within this framework as long as value for money can be demonstrated. For the avoidance of doubt

this may include similar works on alternative lines and locations not within the CVL.

The potential work to be procured via this framework covers E&B works at various locations including:

- Signalling power supplies (FSP)
- Points heating
- Telecoms equipment
- Traction bonding
- Junction lighting
- OCS motorized switches
- Signalling structures & trackside equipment
- Stations
- Depots
- DNO cubicles
- Bridges and other metal/steel structures
- Metal/steel fencing
- Arbitrary metal/steel trackside enclosures
- Third party assets outside the WCB and CVL -Boundaries
- Metal / Steel Handrails
- IBJ's / IRJ's
- Sidings

#### II.2.5) Award criteria

Quality criterion - Name: Technical and Sustainability / Weighting: 55%

Price - Weighting: 45%

#### II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

#### 24

This contract is subject to renewal

Yes

Description of renewals

There may be a requirement to undertake this work after the FW expires in 3 years

#### II.2.10) Information about variants

Variants will be accepted: No

#### II.2.11) Information about options

Options: No

#### II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

# Section III. Legal, economic, financial and technical information

# III.1) Conditions for participation

# III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

Please refer to ITT tender documentation

#### III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

#### III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

## III.2) Conditions related to the contract

#### III.2.2) Contract performance conditions

Please refer to ITT tender documentation

# Section IV. Procedure

## **IV.1)** Description

#### IV.1.1) Type of procedure

Open procedure

#### IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with several operators

Envisaged maximum number of participants to the framework agreement: 4

#### IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

# **IV.2) Administrative information**

#### IV.2.2) Time limit for receipt of tenders or requests to participate

Originally published as:

Date

24 March 2022

Local time

12:00pm

Changed to:

Date

31 March 2022

Local time

12:00pm

See the <u>change notice</u>.

#### IV.2.4) Languages in which tenders or requests to participate may be submitted

English, Welsh

#### IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 36 (from the date stated for receipt of tender)

#### IV.2.7) Conditions for opening of tenders

Date

24 March 2022

Local time

12:00pm

# Section VI. Complementary information

# VI.1) Information about recurrence

This is a recurrent procurement: Yes

Estimated timing for further notices to be published: if further procurement of these works are required the anticipated date will be 2025

## VI.2) Information about electronic workflows

Electronic ordering will be used

Electronic invoicing will be accepted

Electronic payment will be used

# VI.3) Additional information

TfW has appointed Amey Infrastructure Wales (AIW) as Managing Agent for works that may be sourced via the framework and are supporting TfW in developing and improving the CVL infrastructure and stations.

AIW and TfW Subsidiaries may also utilise the FW for associated works to be carried out on their behalf.

This FW seeks to appoint a maximum of four tenderers to undertake Earthing and Bonding Works on the Core Valley Lines and any other Wales and Borders route projects as appropriate.

Tender documents will be available via EtenderWales

https://etenderwales.bravosolution.co.uk/esop/guest/login.do

Please refer to project\_49783 and ITT\_93254- Earthing and Bonding to obtain the tender documentation.

Any tenderer queries and responses and any circulars that may be issued during the tender period are to be communicated exclusively via the eTenderWales portal only. All responses will be shared with all tenderers unless the query is deemed confidential or commercially sensitive. Please ensure that any enquiries/clarifications raised via eTenderWales are free of any identifiable information, such as their name or the name of their company.

NOTE: The authority is using eTenderwales to carry out this procurement process.

NOTE: The authority is using eTenderwales to carry out this procurement process. To obtain further information record your interest on Sell2Wales at <a href="https://www.sell2wales.gov.wales/search/search\_switch.aspx?ID=118840">https://www.sell2wales.gov.wales/search/search\_switch.aspx?ID=118840</a>

The Contractor shall ensure that all contracts with Subcontractors and Suppliers which the Contractor intends to procure following the Award date, and which the Contractor has not, before the date of this Contract, already planned to award to a particular Subcontractor or Supplier, are advertised through the Sell2Wales portal (<u>www.sell2wales.gov.wales</u>) and awarded following a fair, open, transparent and competitive process proportionate to the nature and value of the contract.

Under the terms of this contract the successful supplier(s) will be required to deliver Community Benefits in support of the authority's economic and social objectives. Accordingly, contract performance conditions may relate in particular to social and environmental considerations. The Community Benefits included in this contract are:

Please refer to ITT tender documentation

(WA Ref:118840)

The buyer considers that this contract is suitable for consortia.
