## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Summative Assessment River Cole Project Evaluation Services

Reference number

SC11430/23

#### **II.1.2) Main CPV code**

- 79419000 - Evaluation consultancy services

#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

The River Cole and Tyseley Energy Park: Creation of Community Commons (River Cole) project is a part funded European Regional Development Fund (ERDF) project that began on 1st October 2021 and will complete at the end of June 2023. The main aims of this project are to rehabilitate land and to better its conservation status.

In line with latest ERDF guidance published in August 2017, the University of Birmingham invites suppliers to undertake an evaluation of the River Cole Project and provide a final summative/evaluation assessment report together with a summary (both in word and pdf documents) in line with the requirements of the ERDF summative assessment guidance and further requirements noted within the RFQ document. The Summative assessment is intended to provide insights into project performance and impact. The summative assessment should help us to understand the difference that the River Cole Project has made in the local environment and community.

The budget for the evaluation service is up to a maximum of £10,000 including VAT.

Although the value of this procurement is below the EU Public Procurement Threshold the University has self-imposed a 20 day full open publication of this tender.

#### **II.1.5) Estimated total value**

Value excluding VAT: £10,000

### **II.1.6) Information about lots**

This contract is divided into lots: No

## **II.2) Description**

### **II.2.3) Place of performance**

NUTS codes

- UKG31 - Birmingham

### **II.2.4) Description of the procurement**

The River Cole and Tyseley Energy Park: Creation of Community Commons (River Cole) project is a part funded European Regional Development Fund (ERDF) project that began on 1st October 2021 and will complete at the end of June 2023. The main aims of this project are to rehabilitate land and to better its conservation status.

In line with latest ERDF guidance published in August 2017, the University of Birmingham invites suppliers to undertake an evaluation of the River Cole Project and provide a final summative/evaluation assessment report together with a summary (both in word and pdf documents) in line with the requirements of the ERDF summative assessment guidance and further requirements noted within the RFQ document. The Summative assessment is intended to provide insights into project performance and impact. The summative assessment should help us to understand the difference that the River Cole Project has made in the local environment and community.

The budget for the evaluation service is up to a maximum of £10,000 including VAT.
