Education

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Network Equipment Framework

Reference number

Proc2023

II.1.2) Main CPV code

- 32420000 - Network equipment

II.1.3) Type of contract

Supplies

II.1.4) Short description

JSL wishes to establish a multi-supplier framework agreement to supply, install, support and maintain network equipment from a number of different manufacturers. The framework agreement will be for the supply and support of a broad range of wired and Wi-Fi network equipment including devices with Firewall capabilities, low-end customer premises equipment (CPE), mid-range enterprise, and high-end carrier-class type equipment supporting up to 100 Gigabit Ethernet and above. It also covers converged network adapters, interface modules, transceivers, access points, VoIP products, etc, associated ancillary goods including, but not limited to software, cabling and installation; and associated services including but not limited to development days, project management and fully managed solutions.

Full scope available within the tender document.

II.1.5) Estimated total value

Value excluding VAT: £150,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2) Description

II.2.1) Title

Cisco equipment or equivalent

Lot No

1

II.2.2) Additional CPV code(s)

- 32420000 - Network equipment

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

JSL wishes to establish a multi-supplier framework agreement to supply, install, support and maintain network equipment from a number of different manufacturers. The framework agreement will be for the supply and support of a broad range of wired and Wi-Fi network equipment including devices with Firewall capabilities, low-end customer premises equipment (CPE), mid-range enterprise, and high-end carrier-class type equipment supporting up to 100 Gigabit Ethernet and above. It also covers converged network adapters, interface modules, transceivers, access points, VoIP products, etc, associated ancillary goods including, but not limited to software, cabling and installation; and associated services including but not limited to development days, project management and fully managed solutions.

The framework will run for an initial term of two years commencing on 1 September 2023. JSL will then have the option to extend the framework for two further years (1 + 1) up to 31 August 2027. This will mean a maximum possible lifetime of 4 years for the framework.

The scope of the framework covers purchases by JSL, Jisc, any Jisc subsidiaries and its members. It also covers purchases by Higher Education institutions, Further Education and Specialist Colleges Research Council establishments in the UK, Charities and Third sector organisations, and by any other organisations connected to or eligible to connect to the Janet network, including Local Authorities, Regional Broadband Consortia, or other bodies whose core purpose is the support or advancement of further or higher education or of research.

Many of the above organisations are members of higher and further education purchasing

consortia. These consortia are independent organisations that provide a wide range of collaborative purchase agreements to their member institutions. Any member of one of these consortia will be eligible to purchase from this framework by virtue of its membership, as will members of any other similar purchasing consortium in higher or further education that might be formed during the lifetime of the framework.

Membership lists for existing higher and further education purchasing consortia may be found at:

<https://www.lupc.ac.uk/member-list>

HEAnet - Who We Are

Full scope available within the tender document.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

Yes

Description of renewals

Initial term of 2 years, followed by two possible extensions of one year each. So 2+1+1, to a maximum term of 4 years.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2) Description

II.2.1) Title

Extreme equipment or equivalent

Lot No

2

II.2.2) Additional CPV code(s)

- 32420000 - Network equipment

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

Jisc Services Ltd will incorporate a standstill period at the point information on the award of the contract is communicated to tenderers. That notification will provide full information on the award decision. The standstill period, which will be for a minimum of 10 calendar days, provides time for unsuccessful tenderers to challenge the award decision before the contract is entered into. The Public Contracts Regulations 2015 article 91 provides for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland).
