#### **II.1.4) Short description**

The contracts currently awarded to optometric providers for provision of three commissioned enhanced services, expire on 31 March 2021. The Commissioner intends to directly award contracts to the 30 existing providers across Somerset, to continue the delivery of these services for a period of 36 months to 31st March 2024.

In support of the CCG's Recovery Plan, a Health and Care Strategy, 'Fit For My Future', has been developed will determine the services required in the future. The strategy is focused on putting national policy into practice and will inform the delivery models of the future to ensuring local services are financially stable, are of high quality and improve the health and wellbeing of the population.

The indicative Annual Contract value which is split across 30 separate Optometry Providers (36 practice sites) within the boundaries of Somerset is circa £500,000 per annum.

### **II.2.4) Description of the procurement**

The contracts currently awarded to 30 optometric providers across Somerset provide the following Optometric Enhanced Services:

- Acute Community Eye Care
- Intra-Ocular Pressure Referral Refinement Service
- Ocular Hypertension Monitoring Service

These services are aimed at increasing access to acute eye care in the community and reducing unnecessary referrals to hospital eye care. Part of the service is aimed at the prompt diagnosis of high intra-ocular pressure in at risk patients.

The contracts with these providers are due to expire on 31st March 2021 and the commissioner intends to directly award contracts to 30 existing providers across Somerset from 1st April 2021, to continue the delivery of these Services for a period of 36 months to 31st March 2024.

The decision to award the three year contract supports alignment with the developing Fit For My Future strategy and public consultation, which will determine the services required in the future and the new contracting model supporting organised primary care. The CCG has already undertaken a review of all the enhanced services, and would not want to destabilise delivery of the services through undertaking procurement.

All optometric practices provide a good quality service that meets the needs and expectation of the commissioner and patients. The commissioner has no concerns regarding the proposed providers' ability to deliver the service through to 31st March 2024. As a result of all the material factors noted above, the negotiated procedure without prior publication has been followed and justified under regulation 32(2)(b)(ii) 'competition

is absent for technical reasons'.

The indicative Annual Contract value which is split across 36 separate optometry practices within the boundaries of Somerset is circa £500,000 per annum.

## **Section IV. Procedure**

### **IV.1) Description**

#### **IV.1.1) Type of procedure**

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

The Optometric Practice contracts for the three Local Enhanced Services expire on 31 March 2021 and the Commissioners intend to directly award the contracts to existing Optometric providers across Somerset from 1st April 2021 to continue the delivery of these Enhanced Services for a period of 36 months to 31st March 2024. Optometric Practices are able to provide all or some of these services. The services are:

:

- Acute Community Eye Care
- Intra-Ocular Pressure Referral Refinement Service
- Ocular Hypertension Monitoring Service

The decision to award the three year contract is to ensure alignment with the developing Health and Care Strategy, which will determine the services required in the future and the new contracting model of primary care at scale. The CCG has already undertaken a review of all the enhanced services, and would not want to destabilise delivery of the services through undertaking procurement.

The indicative annual contract value which is split across 30 separate Optometric providers within the boundaries of Somerset has a budget of circa £500,000 per annum.

All Optometric Practices provide a good quality service that meets the needs and expectation of the Commissioner and Patients. The Commissioner has no concerns regarding the proposed provider's ability to deliver the service through to 31st March 2024. As a result of all of the material factors noted above, the Negotiated procedure without prior publication has been followed and justified under regulation 32(2)(b)(ii) 'competition is absent for technical reasons'.
