Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Coppermills WS-SRP Procurement

Reference number

TC2052

II.1.2) Main CPV code

- 45000000 - Construction work

II.1.3) Type of contract

Works

II.1.4) Short description

1.1. This project includes, but is not limited to the following packages of work:

- A new circa 700 ML/d High Lift Pumping Station (HLPS)
- A new circa 260 ML/d Slow Sand Filter (SSF) Recirculation and Run-to-Waste system
- A new cryptosporidium treatment system to treat SSF filtrate for Cryptosporidium inactivation*
- A new circa 50 ML/d contact tank draindown pumping station and dechlorination system*

An overview of each of these packages and general requirements are provided in the Sections below.

*Note: Thames Water is currently developing the requirements for these elements of scope and may decide to remove them from the scope of works or delay delivery of them following contract award, which will affect the overall value of works and programme duration.

Section VII. Changes

VII.1) Information to be changed or added

VII.1.2) Text to be corrected in the original notice

Section number

II.2.14

Read

Text

Thames Water intend to amend the Contract Terms to significantly reduce the risk and liability for any successful tenderer. As a consequence Thames Water has taken the decision to extend the PQQ deadline by 4 weeks, the submission deadline for the PQQ will now be noon on the 18th March 2024.

Further information on the amended contract terms will be provided within the IASTA tendering portal shortly and Thames Water will advise when this is available via a follow up corrigendum.
