II.1.4) Short description

The Materials Processing Institute is a not-for-profit research and innovation centre with a 75-year track record in developing new materials, processes, and technologies.

The Institute is a globally recognised centre for the innovation, development, and commercialisation of technology for advanced materials, industrial decarbonisation, and the circular economy. This is delivered by scientists, engineers, and project teams with expertise in materials science and advanced processing, utilising state-of-the-art equipment, laboratories, workshops, demonstration, scale-up and production facilities to develop technology, enhance materials and improve processes.

The current tender seeks the refurbishment of multiple areas on with our main research and production areas . These areas are indicated below and are individual "lots" which should quoted for separately :

- Lot 1

? Creation of demonstration platform which would enable panoramic view of the main Pilot Plant area for visitors and Clients

- Lot 2

? Refurbishment of five toilet / washroom areas for researcher and client use

- Lot 3

? Environmental improvements to researcher areas which would include installation of energy efficient heating systems

- Lot 4

? Environmental improvements to researcher areas which would include installation of energy efficient window systems

The Institute requires a separate tender for each element above , we would therefore expect interested parties to visit the Institute to survey the areas in question , to obtain accurate and comparable Tender documentation.

Should you wish to express an interest in tendering and receive a copy of the tender documentation then please brian.wright@mpiuk.com
