Value excluding VAT: £3,358,451.8

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKH23 - Hertfordshire

Main site or place of performance

Hertfordshire

II.2.4) Description of the procurement

The successful Supplier will be required to provide catering services for Skanska Rashleigh Weatherfoil, Facilities Services (SRW FS). The Client is a Private Funded Initiative (PFI) which currently includes the following Bristol school properties, where the successful Supplier will be required to deliver a catering service and meet the requirements of the specification from the contract commencement. The schools within the initial scope of the tender are: •Bristol Brunel Academy ~ secondary school 1336 pupils. •Bristol Metropolitan Academy ~ secondary school (includes Briarwood SEN centre) 1066 pupils. •Briarwood School 58 pupils. •Oasis Academy Brislington ~ secondary school (includes unit for pupils with additional ASD needs) 1323 pupils. •Bridge Learning Campus ~ all-through school (includes primary and nursery age pupils) 1168 pupils. •New Fosseway school 150 pupils. Total 5088 pupils as of March 2023 The contract being tendered is for three years in duration from 01 January 2024, with the option to extend for a further term of up to two years, and will be guaranteed price in nature, with the Supplier invoicing the Client for one-twelfth of the annual cost on a monthly basis. There shall be a service on each of the 190 full academic days and by agreement for the 5 inset days. The Client is currently not considering growing the number of schools during the contract period. However, should this change, and the provision of catering services are required in additional schools the scope and terms of this contract would also apply. If applicable the successful Supplier will be expected to provide this service within these schools using the same costing model, ratios etc that they applied to their successful tender submission for the Client at the point of tender submission. The duration of contract for these schools will not be increased and they will join the contract for the remaining contract period that exists at the point of entry into the PFI. The successful Supplier is expected to have a good local operational presence, as specialist caterers in the secondary school sector. The contract covers the scope for the provision of school catering services, which currently includes breakfast, morning break, lunch, all hospitality and free issue requirements. Free School Meals shall be charged at margin and hospitality will be charged at cost, based on consumption. The Client expects the successful Supplier to enable the continued development of catering through the provision of an innovative, healthy food service, prepared on-site. Food for Life Silver standard catering provision is required from the start of the contract and throughout. The

schools' governing bodies intend to focus heavily on healthy, fresh, seasonal, locally sourced produce and see the catering service as an exciting opportunity to complement the overall student and community experience, through the regular introduction of new ingredients, themed and promotional events. The successful Supplier will be required to play their part in acting as a catalyst for improvement of the pupil experience. The Senior Leadership Team have identified improved 'value for money' as a priority to parents and this is perceived as key to encourage an increased uptake of the overall catering service provided. The successful Supplier will work closely with the Client and the schools to manage the provision of catering and the overall 'meal experience', with pupil education on making healthy dietary choices being an important part of their educational experience. Please see further information in SQ document.

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No
