DN803128

Description

As part of preparations for the New Public Realm Service Herefordshire Council wishes to procure a new Highways and Public Realm Schemes Framework. The new framework will be used for the delivery of highways and public realm schemes forming part of a mixed economy model approach for the Council and which will run alongside the new Public Realm Contract that will come into place on 1st June 2026.

The estimated maximum total value of the contracts to be awarded across all Lots under during the Framework term is £100,000,000 (excluding VAT).

The estimated spend across individual Lots is included in the tender documents.

There is no guarantee on the level of spend across any of the Lots and the estimated spend across individual Lots is subject to change during the lifetime of the framework.

Framework operation description

A place on the Framework for each Lot will be awarded as a result of this procurement based on the offers that the Council deem to be the most advantageous tenders (MAT) to the Council. Maximum number of Suppliers per each Lot as defined in tender documents.

The council will assess all tenders in order to identify the Suppliers which have submitted the most advantageous tender (i.e. the highest-scoring tenders), based on optimum price and quality ratio in accordance with the award criteria and evaluation methodology set out in the tender documents.

Details of the Structure of the Framework and Framework operation procedures set out in tender documents (Appendix 1).

Award method when using the framework

Either with or without competition

Contracting authorities that may use the framework

Establishing party only
