II.1.4) Short description

The General Dental Council (GDC) has awarded a contract for Software as a Service (SAAS) Solution for the Digitisation of Registration and Continuous Professional Development (CPD) processes. The contract will enhance the registration experience so that it is more aligned to applicant expectations, with the potential to also improve the registrant experience.

At the forefront they require the development of a seamless digital (paperless) registration process for Dental Care Professionals (DCPs) and Dentists that is integrated with the GDC's CRM platform that enables the storage and upload of documentation, wherever possible, allowing a faster; lower risk path to registration that allows both GDC and applicants to track the progress of their application. The aim is to move to a digital (paperless) registration process for DCPs and Dentists that is integrated with GDC's CRM platform (Microsoft Dynamics CRM). The process must allow for an application to be completed online, with functions to allow for the safe upload of all required documents for registrants; & which synchronizes uploaded data to the in-house CRM system with an associated workflow
