II.2.4) Description of the procurement

NWUPC is seeking to set up a section in a pre-existing authorised master trust as a tailored solution for Member Institutions of the participating consortia that can be used to meet (or exceed) automatic enrolment requirements as a minimum, to be available for H2 2025 eligibility. The scheme will be available to Member Institutions to enrol staff as defined by each Employer into the DC arrangement. This may include staff employed by the Member Institution or through a wholly owned subsidiary across both academic and academic-related posts and/or professional services. This may include new employees only or existing employees. The new DC arrangement could also be made available to staff in existing Defined Benefit schemes should they choose to opt-out of the existing scheme subject to the rules and regulations of the DB scheme.

VI.3) Additional information

This framework agreement is offered on behalf of the UK Higher and Further Education Sector. The sector currently has access to a variety of Defined Benefit schemes and some institutions have existing DC Scheme provision. Engagement with the sector in scoping the agreement indicated interest in a centrally procured solution from 50 institutions. 10 have an immediate requirement to implement this within the first 12 months. The other interested institutions indicated varying degrees of readiness to implement the scheme throughout the stated duration of the agreement. Participating institutions are seeking value for money through a centralised procurement which leverages economies of scale. This is best achieved through a contract duration that facilitates scheme participation by all interested institutions, maximising assets and offering stability to the appointed provider to deliver competitive rates for the sector. The agreement duration recognises this and the lengthy governance and implementation processes that accompany the implementation of a DC Scheme in the sector. Lots 2 and 3 are complementary provisions to support the implementation of a Defined Contribution scheme within the sector and, as such, should be co-terminus. As value for money is a driver of the procurement, the Authority reserves the right to review the competitiveness of the scheme in any decision to extend.

The following organisations have committed to this procurement and intend to utilise the Framework Agreement as soon as possible after award. As such, the members and their wholly owned subsidiaries of the following Consortia may wish to utilise the Agreement and should have access at any point:

NWUPC <https://www.nwupc.ac.uk/our-members>

APUC <http://www.apuc-scot.ac.uk/#!/members>

HEPCW <https://www.hepcw.ac.uk/members/>

LUPC <https://www.lupc.ac.uk/member-list>

NEUPC <http://www.neupc.ac.uk/our-members>

SUPC <https://www.supc.ac.uk/about-us/our-members/our-members>

At some point during the life of the Framework Agreement, higher education providers registered by the Office for Students at the following link (OfS Register) may wish to utilise the Agreement and should have access at any point with the permission of NWUPC. This Agreement is not intended to replace any current Agreements that either participating or non-participating Institutions may already have in place.

The following individual Organisation (not its individual members) is also eligible to join the Framework Agreement:

Universities and Colleges Employers Association <http://www.ucea.ac.uk/>
