- Ensure patients receive the right test at the right time and in the most clinically appropriate local setting;
- Ensure diagnostic testing is integrated across pathways of care, that the report and images follow the patient and that there is no unnecessary duplication of investigation;
- Enable patients and referring clinicians to access a choice of provision according to patient choice, clinical need and relevant care pathway;
- Ensure diagnostic tests are necessary, clinically appropriate, of high quality, with timely access and high quality images and clear reporting;
- Provide a high quality and safe service by following the published clinical guidelines and good practice;
- Ensure excellent patient experience; and
- Develop local service provision as part of a diagnostic commissioning plan which aims to improve access and choice for patients.

Further information on the service can be located on the EU-Supply Website.

The affordability limit for the total Contract (including any potential extensions) is £3,450,000 and the Contract will be for the duration of a 3 year initial period with an option to extend for up to a further 2 years with a service commencement date of 1st October 2021.
